CHRONIC ECZEMA

CURED BY CUTICURA

I was troubled several years with chronic Eczema, on my head and face. I took medical treatment from two doctors and several lotions, but received little relief. At times, the dreadful itching became almost intolerable. When I was heated, the Eczema became painful, and almost distracted me. I tried CUTICURA REMEDIES. The Eczema *rapidly disappeared, and I am well, with no trace of any cutaneous disease.* J. EMMETT REEVES, Feb. 22, 1898. Box 125, Thorntown, Ind.

SANTIAGO DOOMED.

Shafter Says He Can Take the City Within Forty-Eight Hours.

NEWS OF BATTLE EXPECTED AT ANY TIME

WAHINGTON, June 29.—1:20 P. M.—General Shafter has just reported to General Miles that he can take Santiago in forty-eight hours, but indicates that the undertaking might involve considerable loss.

He is fully aware of the approach of Spanish reinforcements and it is believed here that he intends to take the town immediately and that news of a battle might be expected any time.

REINFORCEMENTS NEARING SANTIAGO.

WASHINGTON, D. C., June 29.—General Shafter has reported to the war department that Spanish troops numbering 8,000 with pack trains and cattle are advancing from Manzanallo and are now within fifty-four miles of Santiago.

SHAFTER REPORTS MARKING OF GRAVES.

WASHINGTON, D. C., June 28.—The war department has posted the following bulletin:

"Playa Del Este, June 28.—Hon. Russel A. Alger, Secretary of War, off Siboney, June 27.—The graves of the dead are marked so that there will be no mistake in identification. The health of command is reported to me by the surgeons as remarkable outside of the wounded. There are today less than 150 men sick. So far no wounded have died and but two died of disease since leaving Tampa. SHAFTER, "Major General, Commanding."

The war department also gives out the following cable correspondence:

"War Department, Washington, June 25.—Major General Shafter, Commanding, etc.—The president directs me to send his thanks to you and your army for the gallant action of yesterday, which I gladly do.

"R. A. ALGER, "Secretary of War."

"Baiquiri, Cuba, June 26.—Honorable Secretary of War, Washington.—Sincere thanks to the president for his congratulations.

"SHAFTER, Major General."

OFFICIAL REPORT FROM SAMPSON.

WASHINGTON, D. C., June 29.—The navy department today posted the following bulletin, giving a report from Admiral Sampson under date of June 22, off Santiago.

"On the morning of the 16th the the batteries at the entrance of Santiago were subjected to a severe bombardment by the fleet.

"The firing was deliberate and, in general, most excellent. The batteries were quickly silenced.

"On the 15th the Texas, Marblehead and Suwanee destroyed the fort at Guantanamo. On the 16th the Yankee engaged a Spanish gun boat off Cienfuegos. On the 17th Lieutenant Harlow, with two steam launches, one under Cadet Powell and one under Cadet Hart, made an examination of Cabanas Bay.

"The launches were subjected to a heavy and continued fire at short range and were struck seventeen times, although no one was hurt.

"Lieutenant Harlow in his report particularly praises the conduct of Cadets Hart and Powell and Cox wains O'Donell and Bloom.

"On the 10th General Garcia and his staff visited the flagship, having arrived that morning at General Rabi's camp at Accerraderos.

"My impressions of General Garcia are of the most pleasant character. He is a large, handsome man of most frank and engaging manners, and of most soldierly appearance.

"The fleet has with my directions furnished food, clothing and arms to the Cuban forces, both east and west of Santiago.

"Much has been done in this direction at Guantanamo by Commander McCalla, who has been most energetic in rendering them all the assistance possible.

"Great activity and courage has been shown by the Cubans at Guantanamo and Commander McCalla is most eulogistic in reference to their conduct. There are about 10,000 Cuban forces in this immediate vicinity.

"On the 20th the transports arrived and General Shafter and I paid a visit to General Garcia and Rabi. The process of disembarkation was rendered difficult by heavy seas, the heaviest which we have had during the three weeks the fleet has been stationed here.

"By 3 o'clock in the afternoon, however, 4,000 men were ashore, and the work was proceeding with great rapidity.

"The pier was not injured and one of the steamers went alongside of it.

"The water supply was not injured. The Vesuvius has done almost nightly firing since she has been here, the explosion of the shells producing very great affect."

HONOR FOR HEROES.

Senate Passes Resolutions of Commendation.

Hobson and His Crew and a Number of Others Remembered for Great Gallantry.

WASHINGTON, D. C., June 29.—In accordance with the recommendations of the president, the senate at the beginning of its session today took action in recognition of the distinguished services rendered recently by officers and men of the navy and revenue cutter service.

Mr. Fryé, of Maine, reported from the committee on commerce a joint resolution recognizing the gallantry of Frank H. Newcomb, commanding the revenue cutter Hudson, and of his officers and men also, retiring Captain Daniel B. Hogesden of the revenue cutter service for efficient and meritorious services in command of the cutter Hugh McCulloch at Manila.

The resolution extends the thanks of congress to Lieutenant Newcomb for his heroic gallantry in the action at Cardenas, when he and his crew rescued the Winslow and such of her crew as had not been disabled or killed, and provides for a suitable medal of gold for Newcomb, silver medals for his officers and bronze medals for the members of his crew.

It also places Captain Hodgesdon, of the McCulloch, on permanent waiting orders at full duty pay.

The resolution was adopted without debate.

Mr. Hale, of Maine, of the naval committee, then reported favorably a resolution tendering the thanks of congress to Naval Constructor Hobson, who with his crew of seven men, sunk the collier Merrimac across the entrance to the harbor of Santiago de Cuba and providing for the transfer of Mr. Hobson from the construction corps of the navy to the line.

The resolution was also adopted.

After the resolution had been adopted, Mr. Hoar, addressing himself to the action just taken by the senate, said:

"All we do and all we have done for Naval Constructor Hobson, in recognition of his distinguished bravery, is to extend by name the thanks of congress. But in this case, where a deed of special heroism was performed, it seems to me that we ought to recognize the men who volunteered to accompany him on his perilous undertaking.

"All were undergoing the same risk and the names of the entire seven ought to be mentioned in the resolution. I would be glad to see this chamber filled with such heroes as those men are."

Mr. Hoar said that such recognition by congress was one of the greatest marks of honor that could be conferred upon any man or men.

TROOPS WITHDRAWN.

Strike Troubles in Oshkosh Nearing a Settlement.

OSHKOSH, Wis., June 29.—With consent of the mayor and the sheriff, Governor Schofield has decided to withdraw the four companies of infantry numbering 300 men, leaving the light battery and light horse squadron to take care of the strike in connection with the 300 deputy sheriffs and special police already sworn in.

The efforts to settle the strike by compromise have resulted in failure owing to the firm refusal of manufacturers to treat with the strikers as union labor.

The strikers would apparantly yield if the union were recognized and some small concessions in wages were allowed.

At a meeting of the Woodworkers' union today, the strike, as far as the McMillan mill is concerned, is declared off and 200 men will return to work today.

Its action will bring about a speedy settlement of the trouble in all the mills.

Mrs. A. Z. Polhamus, of East Creighton avenue, entertained the members of the Violet club in a delightful manner at 5 o'clock tea last evening. The guest of honor was Miss Williams, who is the guest of Miss Emily Mick. The table decorations were sweet peas and pansies. The favors were violets.

PREPARING TO MOVE

Renewed Activity Manifested at Camp Thomas.

Twenty-Seven Regiments Expect to Leave.

Much Rivalry to be First in Complete Readiness.

The Y. M. C. A. Work is Growing in Camp and 1,000 Men Have Professed Religion.

CHICKAMAUGA, National Military Park, Tenn., June 29.—The order issued yesterday afternoon conveying the information that the entire first army corps would be sent to Cuba has doubled the activity at Camp Thomas. The work of completely equipping and arming the twenty-seven regiments is an immense task for the short time in which it must be accomplished, but the work is already in progress and the officials say it will be finished much sooner than is generally believed possible.

Everybody in the twenty-seven regiments, from colonels to privates, are hustling today and considerable effort to be the first in shape is in evidence.

It is believed that all under orders will be moving inside of two weeks. The western and Atlantic and southern railroad officials have received no orders from the war department to supply cars for the moving of troops from Chickamauga Park to Tampa or some other southern seaport.

The only thing of this sort is a notice from the war department to the local Western and Atlantic officials stating that the troops would doubtless be moved south very soon and suggesting that they make preparations to furnish a large number of cars when the proper time arrived.

Brigadier-General Howard Carroll and Major Moore, representing the governor of New York, are in the New York camps inspecting the rations.

They talked with the commissary officers and privates, and the result of their investigation so far is that they are thoroughly convinced that Uncle Sam is taking good care of his soldiers.

Colonel Wilder of the Fourteenth New York, has received permission for his regiment to engage in target practice soon as he can get his range in readiness, the men will begin what they have been eager for for many days.

Brigadier General Waite, formerly of Texas, has assumed command of the second brigade of the third division, first army corps, relieving Colonel Pew, commander of the Ninth Massachusetts.

When the new commander assumed formal charge of the brigade Colonel Pew returned to the Ninth Massachusetts, relieving Lieutenant Colonel Bailey.

According to orders received the Twelfth New York is restored to the second brigade of the third division, under command of General Waite.

This regiment was transferred to the second division so that it might be among the regiments to move under the orders received by the first division and first and second brigades of the first corps.

The entire corps now goes and the regiment can resume its old place.

The Y. M. C. A. has now twenty tents and over fifty men at work in Camp Thomas. The average daily attendance at each tent is over 1,000

During the past week over 1,000 men have professed religion in the evangelistic meetings held by Rev. Torrey and other delegates.

MILITARY ORDERS.

WASHINGTON, June 29.—Several general orders issued by direction of Major General Miles were made public at the war department today.

A division commander may grant leave of absence for ten days, a corps department commander for one month, and the commanding general of the army for four months; or they may extend to such periods those granted by subordinate commanders.

Applications for leaves of more than four months' duration from officers of the staff corps and departments, desiring leaves of absence to pass beyond the territorial limits of their commands, will be forwarded to the adjutant general of the army for action of the secretary of war.

By direction of the secretary of war, ordnance officers are to issue to the officer in charge of the non-commissioned staff and band, or company of musicians, of volunteer regiments, when they take the field upon the requisition of such officer, thirty revolvers, which will allow one for each regimental non-commissioned staff officer and one for each member of the regimental band.

For the medica department in the field the wheel transportation is to be one ambulance to 400 men of the effective force; one four-horse wagon to 600 men of the effective force, and one four-horse wagon to each brigade.

LOOKS TO GERMANY.

Spain Expects Aid to Come From the Kaiser's Fleet.

GENERAL MERRITT SAILS FOR MANILA

MADRID, June 29.—10 a. m.—Dispatches received from Manila today under date of June 24 say the Spaniards are determined to fight to the death and that there is every reason to believe that when the American troops arrive desperate fighting will occur on land and sea.

It is supposed at Manila that the German warships will prevent the bombardment of that place, and it is alleged that Prince Henry of Prussia is on his way there on board a warship.

The Spaniards are said to be actively pushing preparations for the defence of the city.

General Aguinaldo, the insurgent leader, declares that the family of Captain General Augusti, who are prisoners in his hands, are at Panpanga and are well treated.

GENERAL MERRITT SAILS FOR MANILA.

SAN FRANCISCO, June 29.—The speedy steamer Newport, bearing Major General Wesley Merritt, military governor of the Philippines, and his staff, besides the Astor light battery and companies H and K, of the third United States artillery and detachments from the signal corps, is now on its way to Manila.

As the vessel gradually drew away from her dock today the blowing of many whistles told the people that General Merritt had taken his departure.

Great crowds had gathered to witness the departure of the vessels and many fashionable equippages on the dock told of the presence of the representatives of the four hundred, which had come to bid farewell to friends among the members of the Aster battery.

Many tug boats and yachts chartered for the occasion accompanied the Newport down the bay and out through the Golden Gate to the Pacific, where the last farewells were waved to the departing military men gathered on the deck of the steamer.

The Newport will make an effort to overtake the third fleet of transports, which sailed on Monday, after the fleet reaches Honolulu, where the vessels will coal and take on fresh supplies before proceeding to Manila.

General Merritt is very anxious to avoid an encounter with any vessel of the Spanish navy and will issue orders to the fleet at Honolulu to make all possible speed. It is probable that the Newport will not wait for the other vessels of the fleet at Honolulu, but will proceed with as little delay as possible to Manila.

PEOPLE OF MANILA LIVING IN TERROR.

MADRID, June 29.—The government has received the following dispatch from Captain General Augusti, dated Manila, June 23:

"The situation is still as grave. I continue to maintain my position inside the line of blockhouses, but the enemy is increasing in numbers, as the rebels occupy the provinces, which are surrendering.

"It is estimated that the insurgents number 30,000 armed with rifles and 100,000 armed with swords, etc.

"Aguinaldo has summoned me to surrender, but I have treated his proposals with disdain, for I am resolved to maintain the sovereignty of Spain and the honor of the flag to the last extremity.

"I have over 1,000 sick and 200 wounded.

"The citadel has been invaded by the suburban inhabitants, who are abandoning their homes owing to the barbarity of the rebels. These inhabitants constitute an embarrassment, aggravating the situation, in view of the bombardment, which, however, is not seriously apprehended for the moment.

"The governor of the Vizcayas and Mindanao islands cables that he has defeated the insurgents in an engagement, during which Chief Arco, Aguinaldo's representative, was killed. He adds that tranquility now prevails throughout these islands and he further asserts that the principal Malay chiefs of the Mindanao group declare they desire to fight on the side of the Spaniards against the invaders."

According to other advices the emissaries sent out to seek General Monet's column of 1,000 men returned after a fruitless search.

Captain General Augusti's family is still in the hands of the insurgents.

General Pena, with 1,000 soldiers, has surrendered. His soldiers, most of them natives, joined the insurgents. A majority of the detachments in the islands of Luzon have surrendered, owing to their lack of food, although some succeeded in escaping.

Numerous Spaniards, including the governors of Batagna, Laguna and Bulacan, have taken refuge at Cavite.

The rebels who are besieging Manila exceed 25,000 men.

The city is completely isolated and the arrival of the Spanish squadron is anxiously awaited, for the position of Manila is untenable.

Small rebel craft navigate the bay conveying prisoners to Cavite.

MERRITT'S PLANS FOR PHILIPPINES.

SAN FRANCISCO, June 29.—Major General Merritt expects to reach Manila by July 25 or August 1, at the very latest. Before his arrival, General Greene will have consulted with Admiral Dewey as to the advisability of making a joint attack on Manila.

General Merritt's installation as governor general will be attended with as little ceremony as possible.

In his proclamation he will assure the people that their forms of worship and churches will not be interfered with.

This will be made clear, as will also the fact that property is not to be confiscated, in order to offset representations to the contrary which have been made by agents of Spain.

The general has requested the war department to appoint Major T. L. Rathbone as his personal representative in San Francisco.

STRIKE OF MINERS.

Men in Pennsylvania Quit Work Trouble is Feared.

CLEVELAND, Ohio, June 29.—A special from Sharon, Pa., says:

All the coal miners working at Jackson Center, Stoneboro and Sandy Lake have been induced by the strikers to quit work and join their ranks.

About 400 men came out yesterday. Tents and fixtures from Pittsburg will reach the men this week.

The force of strikers is now about doubled.

George Barber, one of the deputy sheriffs, has been arrested and bound over on the charge of assaulting one of the strikers.

Further trouble is imminent. Several other deputies were sworn in today.

THE COURTS.

Dr. A. J. Boswell has filed his bond as treasurer of the school board with the following sureties: Frank Alderman, Edward White, John W. White, H. A. Keplinger, C. F. Centlivre, William Moellering, Abraham Weil, R. C. Bell, M. C. McDougall, R. T. McDonald, R. L. Romy and T. B. Hedekin.

Ella Burdick wants a divorce from William Burdick, on the grounds of cruelty. The complaint was penned by J. L. Hughes.

In the circuit court Nora A. Crawford was granted a divorce from Harvey Crawford. She was also given the custody of the children.

Henry Kuhl and Frank Browski, who were last week arrested for burglary and bound over to the circuit court in the sum of $100, were taken before Judge O'Rourke yesterday on a bench warrant and their bonds increased to $500.

In the superior court Mary A. Gearhart applies for a divorce from William S. Gearheart. She asks for $2,000 alimony.

John Bixler and William Gown were arrested by Sheriff Melching today, charged with having broken the windows in Kehman's grocery, in Rockhill's addition, Sunday evening. They had a hearing before Justice Bullerman this afternoon.

James S. Darling was arrested for assault and battery on W. E. Angevine. He is having a hearing this afternon.

Henry Westerman was fined $1 and costs and Herman Huelle $3 and costs by 'Squire Tancey for participating in a fight.

Fred Oetting was fined and costed in the sum of $26.50 for selling liquor at a picnic without a license.

Mary Kickery was fined $1 and costs by 'Squire France for committing an assault and battery on Mary Mongo.

Daniel E. Null and Elizabeth P. Doermer.

William G. Dexter and Edith H. Ball.

Louis G. Neeb and Bertha M. Bennigin.

The fire laddies at No. 1 engine house this afternoon raised a handsome flag over the engine house. The boys cheered as the red, white and blue flung its folds to the breezes and hereafter "old glory" will float from the mast every day.

FORM A NEW FLEET

Queen Regent Issues Important Decree.

Squadron for Defense to be Organized.

Auxiliary Ships to Go Into Service.

Pope Leo is Said to be Deeply Affected by the Course of the War With Spain.

MADRID, June 29.—9 A. M.—According to an announcement printed this morning the queen regent intends to immediately sign a decree providing for the formation at Cadiz of an auxiliary cruiser division, consisting of the Alfonso XIII, Joaquim Del Pelaygo, Ciudad de Cadiz and Meteoro.

POPE MUCH AFFECTED BY THE COURSE OF THE WAR.

ROME, June 29.—The pope is said to be much affected by the course of the Spanish-American war, and, in view of his age and nervous prostration for some time past, his entourage is anxious, although his physicians declare there is no cause for alarm.

HOW HAVANA VIEWS THE WAR'S PROGRESS.

(Copyrighted, 1898, by the Associated Press.)

HAVANA, June 29—Delayed in transmission—It is said at the palace of the captain-general, here the headquarters for official news, that the American forces are finding difficulty in advancing upon Santiago de Cuba. It is claimed that they followed the railroad track to Juragua from the mines situated a short distance from the coast, between Siboney and Aguadores, but were unable to reach the later place in spite of the protection afforded by the fire of the warships.

The commander of the Spanish gunboat Ardilla reports that while reconnoitering on June 26 at Coloma, Punta Cortes and other places at Coyaela, he was informed that a strange steamer with one smoke-stack, apparently a warship, of 4,000 tons, was in sight. The stranger soon caught sight of the Ardilla and pursued her. The gunboat kept within blue sea and succeeded in keeping out of range of the guns of her pursuer. To the southeastward the stranger, which turned out to be an American ship, appeared to be in company with several other vessels.

The Ardilla made a reconnaisance on the following day, June 27, and discovered that the American ship had captured the sloops Nemesia, of Batabano, province of Havana, Amistad and Manuelita, of Coloma, province of Pinar del Rio, and the pilot boats Luz and Jacinto.

It is claimed that when the sloops were sighted the American ship hoisted the Spanish flag, which caused pilot Joaquin Fernandez, of the Luz, to hoist the Spanish flag, believing he had to do with a Spanish warship.

The pilot also approached the American vessel and did not find out his mistake until a blank shot, afterward loaded shells, were fired at the pilot boat.

The shells, it is claimed, exploded near her. The American ship by this time seemed to have driven the Spanish craft into a bunch, including the Luz, Jacinto, Amistad, Nemesia and Manuelita.

The latter, it is further alleged, let go their anchors and were abandoned by their crew, who made for the shore, going in the direction of Punta de Piedras, on the southwestern extremity of Pinar del Rio, between the Isle of Pinos and the mainland.

The commander of Nemesia, with one of his crew, remained on board his sloop and was captured and taken on board the American ship.

Later he was set at liberty, after having been questioned regarding the Spanish fleet and the general situation of affairs.

The American ship is described as carrying one gun forward, another at her stern and four guns on each side. She is said to have been commanded by a "frigate captain" and to have "carried about 600 men with blue pants and red fringe," who said they were going to Cuba and afterward to Key West.

KILLED BY CYCLE RIDING.

Woman Weighing 413 Pounds Dies at Fort Scott, Kan.

FORT SCOTT, Kan., June 29.—Miss Arabella Bates, known over the United States for twenty years past as Miss Caddie Claire, the heaviest female bicycle trick rider in the world, died here last evening at the home of her niece, Mrs. J. F. Allen, from injuries induced by constant bicycle riding.

Miss Bates was forty-eight years old, measured five feet five inches and weighed 413 pounds. She has traveled through every state and territory in the United States with leading circuses and had been engaged with museums.

An immense crowd of people accepted the suggestion of THE SENTINEL and went to the south depot last evening to give the army recruits a hearty good-bye. Captain Hohnholz was at the depot and turned over the donations made for the Tampa boys.

ARMY CREEPING UP.

Steady Advance of Shafter's Force to Attack Santiago.

ARTILLERY TO PLAY AN IMPORTANT PART.

(Copyright, 1898, by the Associated Press.)

AT THE FRONT ON THE RIO GUAMA, SECOND CROSSING, Tuesday, June 28, 4 a. m.—PER THE ASSOCIATED PRESS DISPATCH BOAT DAUNTLESS, via Port Antonia, Jamaica, Wednesday, June 29, 7 a. m., and Kingston, Jamacia, 9:30 a. m.—The preparations for a general advance of the American troops on Santiago de Cuba are being pushed steadily forward and troops of all branches of the services are being hurried to the front.

General Kent's division, consisting of the brigade of General Hawkins, Colonel Pearson and Colonel Worth, has joined General Lawton's division and with the cavalry division of General Wheeler and four batteries of light artillery, will now be strung out in the rear of General Lawton's division.

The front still rests on the second crossing of the Guama river, on the road to Santiago de Cuba, in the rear of the crest of the Sevilla hills, and a mile and a half back.

The brigade of General Bates, the Thirty-second Michigan regiment and a battalion of the Thirty-fourth Michigan regiment, which were landed yesterday by the auxiliary cruiser Yale, remain at Juragua or Siboney.

The delay in the general forward movement is due to the inability to get subsistence stores to the front rapidly enough.

The advance, it is said, will not be ordered until every man has three days' rations in his knapsack.

This, however, is impossible until the road is passable for wagon trains.

The pack trains can only convey one day's rations in a day.

The men constructing the bridge roads have the work almost completed, and this afternoon the first wagon train of four four-mule teams will go through. In two or three days more every man will have three days' rations in his knapsack, and as soon as that occurs the army will move upon the enemy.

The day has been utilized to a good advantage.

Although the Cubans affect to have a thorough knowledge of the country and the trails, nothing is taken for granted.

The whole country, front and flank, is being thoroughly reconnoitered and accurate maps have been made by the engineers. Much of the information thus obtained will be of inestimable value from a strategy point of view.

Last night General Mondenca, of General Lawton's staff, made a reconnoissance up to the very trenches of the enemy, their sentries talking on picket duty being plainly heard.

Corporal Dewey and nine sharpshooters from the Seventh infantry went out at dark last night, with one da's rations, toward the Spanish lines and they have not yet returned, but no fear is entertained for their safety.

It is believed they are lying in the bush waiting for night.

At daylight this morning Lieutenant Smith, of the Fourth infantry, with a detail of fifty men from the Seventh infantry, under Lieutenant Dearfoo, crossed the San Juan and went in a northeasterly direction as far as Cany, or El Gaumey, as it is marked on the maps, without encountering any Spanish troops, and fifty men of Company A, Seventh regiment, under Captain Young, also made a reconnoisance in force.

The Spaniards have seemingly retired to their intrenchments, as no pickets or skirmishers were encountered.

General Lawton, General Wheeler and General Chaffee have had riders out beyond our advance posts several times.

Captain Wright, of General Bates's staff, today followed the line of the railroad running out of Juragua, towards Santiago de Cuba, to within two and one-half miles of the city. The road approaches within a mile and one-half of the front and can be utilized to bring up supplies and siege guns, the first of which were landed at Baiquiri this morning.

As soon as the remaining battalions of the Thirty-fourth Michigan and Eighth Massachusetts, which arrives on the Harvard tomorrow, and the six thousand reinforcements sent out from Tampa reach here, Agudaores, a town on the coast four miles west of Juragua and about the same distance east of the harbor entrance, will be taken.

The place was shelled today by several ships of the fleet.

Aguadores is on the line of the advance of the army into the interior and close the railroad.

It will then probably become the base of operations, while the supply base may remain at Juaragua.

Captain Wright, on his reconnoissance, obtained information, which is believed to be reliable, to the effect that 3,000 Spanish troops have been sent to reinforce the garrison at Aguadores.

General Lawton will probably make a diversion with his artillery, so soon as it is placed in position. Heavy rains this afternoon made it impossible to move today beyond General Wheeler's headquarters.

But the roads will dry quickly, the guns will probably be brought up tomorrow and the intrenchments will be shelled by the artillery and by Colonel Wood's dynamite guns.

The shrapnel fire will be more used by the artillery. The guns are 3 20-50 inches and with shrapnel they are effective at 3,500 yards. The Cubans say that Spaniards are in deadly fear of dynamite and General Lawton will see how he can terrify them.

Simultaneously with the bombardment, General Chaffee's brigade will move forward and occupy a position of vital importance in advance of our front. The correspondent of the Associated Press is not permitted at present to divulge its location.

WATER SUPPLY CUT OFF AT SANTIAGO.

(Copyrighted, 1898, by the Associated Press.)

SIBONEY, Province of Santiago de Cuba, June 28, via. Kingston, Jamaica, June 29—10:30 A. M.—It is reported here tonight, on apparently good authority, that the water supply of Santiago de Cuba has been cut off. If this proves to be true, the city is at our mercy.

General Wheeler today, forwarded his report of the encounter between the Spaniards and Colonel Young's and Colonel Woods' command.

The officers are highly complimented for their dash and courage.

The general says there is absolutely no warrant for the statement that our troops were ambuscaded. He says the attack was deliberately planned, from knowledge in his possession, the night before.

CAPTAIN BORGMAN.

William Borgman is Again Captain of the Police Force.

Re-Elected to His Old Position This Afternoon--Daseler is Detective--Smith and Bloom Patrolmen.

The board of public safety and Mayor Scherer met this afternoon and filled the places on the police force made possible by the action of the council last night. William Borgman, who for several years so satisfactorily served as captain of police, was appointed to succeed Captain Daseler, who was transferred to the detective force. James M. Smith and Daniel H. Bloom were elected patrolmen. Mr. Smith was once before on the police force, but was removed during Mayor Oakley's administration.

The new officers will begin work Friday, July 1.

AGED 117 YEARS.

Death of Patrick Haggins, the Oldest Man in Pennsylvania.

SCRANTON, Pa., June 29.—Patrick Haggins, said to be the oldest man in Pennsylvania, died here last night, aged 117 years. His age is authenticated by records and certificates which show that he was born in County Landonderry, Ireland, November 1, 1781. Mr. Haggins' father died at the age of 111 years and his mother at 107.

Western Galicia Under Martial Law.

VIENNA, June 29.—The decree issued on yesterday proclaiming martial law in the districts of Limanowa and Neu-Sandec, Austian Galicia, owing to the frequent cases of murder, robbery and incendiarism which have occurred there, extends through western Galicia.

Mr. and Mrs. Charles Pape and Mr. and Mrs. W. M. Futter arrived home last night from Chicago, where they have been visiting for several days. They enjoyed a splendid dinner last Sunday in honor of the twenty-fifth wedding anniversary of Mr. and Mrs. Pape.

HOBSON'S choice just now is no choice at all. Spain simply won't trade.

THERE has never been a time when it was so essential as now for Uncle Sam to keep on his base.

THE first intimation that such a thing as an excess of frigidity was possible in Boston is a judgment for damages in the sum of $18,000 against an ice company, whose delivery man permitted a cake of ice to fall on the foot of a little girl.

A REMARKABLE advertisement is that inserted in a Boston daily by the Salem Gazette, offering for sale complete files of the Gazette from 1768. Is there another paper in the land that could make such an offer?

BLANCO has an idea that the United States thinks it is outclassed by the Havana forces and generously offers to reduce it to a basis of equality. Blanco need not worry about getting down to weight. We'll take him on as he is.

BEFORE the war the battleship Texas was continually running into accidents. But ever since the war opened the Texas has been free from trouble, and has been the cause of uninterrupted accidents to the enemy. The work of this battleship in throwing steel at Santiago has been the admiration of the fleet. Texas always did show up well in a fight.

THOSE who have talked lightly of the fighting capacity of the Cubans are keeping still at present. The testimony of the American soldiers establishes Cuban bravery and efficiency. It is made clear that an unsubdued revolt of three years has not been sustained by non-combatants. And the Cubans who are now assisting General Shafter have not seen the hardest fighting of the insurrection, which was done farther west in the provinces nearer Havana and in Pinar del Rio. Every revelation of the number of Spanish troops in Cuba is a new tribute to the valor of patriots who, unable to look for aid elsewhere, have kept armies in the field in the face of constantly renewed accessions of strength to their oppressors' forces.

A CHINESE writer in one of the publications of his own country has summed up the peculiarities of the American people in a paragraph, which is translated as follows: "They live months without eating a mouthful of rice; they eat bullocks and sheep in enormous quantities; they have to bathe frequently; the men dress all alike, and to judge from their appearance they are all coolies; neither are they ever to be seen carrying a fan or an umbrella, for they manifest their ignorant contempt for these insignia of a gentleman by leaving them entirely to women; none of them have finger-nails more than an eighth of an inch long; they eat meat with knives and prongs; they never enjoy themselves by sitting quietly on their ancestors' graves, but jump around and kick balls as if paid to do it, and they have no dignity, for they may be found walking with women."

Largest Fleet Ever Under One Command.

Admiral Sampson has the honor of commanding the largest and most formidable armada ever assembled under the command of an American officer. The flying squadron under Commodore Schley was assigned to the North Atlantic squadron before Admiral Cervera was bottled up in Santiago harbor thus making the fleet in Cuban waters one of which any officer might be proud, and it would make short work of what remains of the Spanish navy if they could be reached. The ships at Santiago are the first class battle ships Indiana, Iowa, Massachusetts and Oregon; second class battle ship Texas; armored cruisers New York and Brooklyn; unarmored cruisers Detroit, Montgomery, Marblehead and New Orleans; gunboats Castine, Annapolis, Helena and Bancroft; torpedo boats Dupont, Ericsson, Foote, Porter and Rodgers; dynamite cruiser Vesuvius, and revenue cutters, cruisers and tugs St. Paul, St. Louis, Scorpion, Suwanee, Osceola, Yankee, Dixie, Yosemite, Vixen, Wasp, Manning, Hornet, Wampatuck, Sterling, Mayflower, Tecumseh, Sioux and the dispatch boat Dolphin. The protected cruiser Cincinnati and Newark, the gunboat Marietta and the Yale and Harvard belong to this fleet, and have just joined it. Besides this magnificent navy rendezvoused at Santiago are the four powerful monitors Amphitrite, Miantonomah, Puritan and Terror, and the gunboat Nashville doing blockade duty at Havana. Scattered along the Cuban coast maintaining the blockade are the gunboats Vicksburg, Newport, Wheeling, Wilmington and Machias; torpedo boats Winslow and Stiletto, and revenue cutters, converted cruisers and vessels of all descriptions Uncas, Eagle, Resolute, Morrel, Hudson, Leydon, Lancaster, Cassius, Blake, Armenia, Windom, Caesar, McLane, Dorothea, Fishhawk, Fern and Hawk.

WILL BE READY.

Preparations for the Fourth at Robison Park Progress Rapidly.

Work on the new theater at Robison park is progressing very rapidly and most of the new scenery is already in. It will be finished in a day or two, but will be absolutely ready for the Fourth and will be only one of the many new features which will surprise the visitor on that day. There never was a layout like that which will be presented at the park next Monday seen in Fort Wayne before. Every single attraction billed will be given just as advertised and there will be no disappointments of any kind. Every accommodation for the comfort of the immense crowd has been provided for and now nothing remains but for the people to come. That they will be on hand in force is indicated by the reports from every road running into the city, which show that in some localities, at least, Fort Wayne is the only place that can be found on the Fourth of July map. Cars will be run from the street car transfer corner every minute.

RINGLEADERS HANGED.

Punishment of Chief Mahomed and His Chiefs in the Andijan Massacre.

ST. PETERSBURG, June 29.—Chief Mahomed Ali Khalif and five other ringleaders of the attack recently made by 1,000 natives on a Russian post garrisoned by 300 infantry at the town of Andijan, province of Forghana, Turkestan, when twenty of the soldiers were killed and eighteen others wounded, have been publicly hanged.

Chief Ischan had summoned his followers to take part in a holy war and the attack was made on the Russian garrison at the town of Andijan. After a temporary defeat, the soldiers rallied and succeeded in dispersing their assailants, killing eleven of them and capturing the ring leaders.

An imperial decree was subsequently issued in connection with the outbreak, depriving the governor of Forghana of his office for allowing an insurgent uprising to take place in his province.

Skeleton Clothing.

There are facts about the making of skeleton clothing for mid-summer wear that are not fully appreciated by average buyers.

It's the most difficult to make.

It's the most stylish and comfortable for hot days--if properly made.

No garments are worn under more severe conditions--conditions that make them look like rags in a day or two--unless they are made to withstand these hardships.

This kind of clothing is our greatest specialty in summer--our success this year and in past years are our proofs that our SKELETON CLOTHING is superior to any other product--we've studied it for years and have mastered the art.

THE WEAKEST SPOT

In a Fort or a Man--Do You Know Where Your Greatest Weakness Lies?

"A fort is no stronger than its weakest point."

Nothing is more certain than this great truth. An enemy always enters at the point where it meets with the least resistance and this is true throughout life in general.

Do you know where your weakest spot is? Do you realize what part of your body disease would first attack because at that point it would meet with the least resistance? If so, you are fortunate. Many people do not know it. But the weakest spot with most men and women is not known because it is generally least suspected. The weak spot with nearly every man and woman is the kidneys, although there is seldom any pain in their vicinity. Hundreds of people have gone through life without the least suspicion that their kidneys were not perfectly sound and yet died eventually of Bright's disease. It is true they had headaches occasionally, were often weak, tired and despondent, had a lack of appetite and were often sleepless, although weary. Now, all these things indicate Bright's disease, and thousands of persons might have been saved had they realized just what ailed them.

It is a strange thing that the most dangerous of all known diseases should show the least signs, and be the least suspected. Bright's disease steals into the system like a thief and destroys the life before the victim is aware. It is as common as consumption and far more dangerous. Thousands of persons who do not suspect that there is anything the matter with their kidneys, go along from day to day, while all the while the disease is making fresh inroads into their bodies.

Now, there is only one way by which this fearful disease can certainly be checked or cured. That is by the use of the only discovery ever known for Bright's disease—Warner's Safe Cure. It is not an idle statement to say that this great remedy has saved the lives of thousands of persons, for thousands have so testified. Among the number is Mr. C. H. Lincoln, living at 41 Grant Avenue, Medford, Mass. He says:

"A number of years ago I became unaccountably ill. I tried a dozen different doctors and still grew worse. After taking enough doctor's medicines to sink a ship, I become convinced that I had Bright's disease and I knew what that meant. I pitched all the medicines I had left out of doors and began the use of Warner's Safe Cure. The first bottle brought relief, I continued, gained 10 pounds in weight, kept on improving and I am happy to say the great remedy completely cured me. I am 59 years old now and I enjoy as good health as any other man of my age. I believe that if anybody has kidney trouble, Warner's Safe Cure will cure him, and if that will not, nothing will cure him this side of the grave."

Reader, do not take chances with your health. Your life and health are too serious matters to be trifled with and there is no reason why you may not have a long and happy life.

WON THIS ONE.

Beam Was Ineffective and the Fort Waynes Won.

Babb's Batting Was the Feature of the Game--Toledo Keeps Going Up--Youngstown Won--Notes.

Fort Wayne won the second game at Mansfield by better all-around playing, both in the field and at the bat. Reiman was also more effective than Beam, the latter being very wild. Babb's batting was a feature of the game and had much to do with landing the Hoosiers on the big end of the score. The score:

NOTES.

Brodie will pitch today.

Springfield plays two games here on the Fourth of July.

Youngstown yesterday won its first game in eleven from New Castle.

The Fort Waynes return home tomorrow and play four games with Mansfield.

A lawn ice cream social will be given by the South Wayne base ball club at the corner of Broadway and DeWald street this evening. Good music will be furnished.

Mansfield News: "If some of the men on the Mansfield team don't want to play ball or quit drinking let 'em rest the balance of the season without pay. There's 'Peck' Sharp, who has been released by Detroit. He could play any old place in the infield."

Tom Hayes, captain and left fielder of the Crystals, entertained the club last evening at his home, on Melita street, in honor of his nineteenth birthday. He was the recipient of a handsome gold watch and chain, the gift of the club members. Cards and dancing formed the features of the entertainment, music being furnished by the Marmaduke orchestra. Several of the boys rendered songs.

THE TURF.

Pacing and Trotting at Jackson and Columbus.

JACKSON, Mich., June 29.—The first day of the Jackson Driving club meeting was cloudy, threatening and cool. The track was in good condition and the crowd large. The results:

THE CITY COUNCIL.

A Stormy Meeting Was That Held Last Evening.

Members Talk Electric Light for Several Hours and Finally Determine in Favor of Competitive Bids.

The big topic of discussion at the council meeting last night was electric lighting. The discussion came up over the reports of the committee on street lights on the resolution of Councilman W. J. Hosey, which advocated an investigation into the cost of electric light and the resolution of Councilman Wheelock in favor of municipal ownership. On Councilman Hosey's resolution the longest debate occurred, participated in by Councilmen Wheelock, Schuhler, Bauer, Hagg and others.

The committee recommended that the entire matter be referred to the board of works with instructions for them to investigate the cost of lighting in cities the size of Fort Wayne and report back to the council in sixty days. Several amendments were introduced until the mayor finally lost his temper and ordered Councilmen Wheelock, Haag and Poirson to take their seats. Mr. Wheelock was insistent, however, but finally yielded.

The motion to refer to the board of works was eventually adopted by a vote of 14 to 4, Councilmen Buhr, Hosey, Poirson and Wheelock voting in the negative. On the resolution for municipal ownership the committee reported that the city was now bonded for $200,000 in excess of the amount allowed by law and for this reason it was inadvisable for the city to attempt to purchase a plant. This report was adopted.

In concluding its report the committee says:

"The assessment valuation of the property of the city of Fort Wayne as reported by the assessors in 1898 was $22,363,000. That two (2) per cent of the assessed value thereof, would be $447,260. The city's bonded indebtedness at the present time is $673,800, or in other words, the bonded indebtedness of the city is now in excess of two (2) per cent, $226,540. This arises from the fact that the excess of indebtedness existed at the time that the constitutional prohibition was passed. The city at the present time has no surplus on hand, over and above that required to operate the city government until May 1st, 1899. To overcome the constitutional prohibition and financial conditions of the city as herein set out, in order to purchase and own an electric plant, would require the making of such contracts, or the assessment of such taxes, as in the opinion of the committee, would not be justifiable under present conditions."

Just before adjournment a resolution was passed directing the board of public works to advertise for competitive bids to light the city in accordance with law. The vote was unanimous in favor of this proposition. The present contract holds until July, 1899.

The committe on annexation reported in favor of annexing property southwest of the city and recommended that action be deferred on the property south of the city. The report was concurred in.

The committee on rules, regulations and ordinances made a majority and minority report on the resolution to repeal the vehicle tax. The majority report was signed by Councilmen O'Ryan, Zurbuch and Buhr and the minority report was signed by Councilmen Bauer and Clark. The majority report was adopted by the following vote:

Yeas—Borkenstein, Buhr, Eckart, Gerding, Hayes, Hosey, Poirson, Schuler, Wheelock, Zurbuch.

Nays—Bauer, Clark, Ehrman, Haag, Lennart, McMahon and Scheid.

The committee also reported in favor of the noxious weed ordinance, the plumbers' ordinance and the ordinance compelling citizens to get a permit before digging trenches in the streets. The ordinances passed as did the one reported by the committee on finance in favor of appropriating $1,080 for police purposes. This will permit the board of safety to employ one detective and two more patrolmen.

Councilman Eckert introduced an ordinance providing for the destruction of old buildings and walls which were a menace to property, life and limb. Referred to committee on rules, regulations and ordinances.

Counciman Poirson introduced an ordinance providing for the removal of ash heaps. The ordinance is in line with the vehicle ordinance and was referred to the committee on rules, regulations and ordinances.

Councilman Scheid introduced a resolution instructing the board of works to report to the council such action as they may have taken or decided to take in the matter of building a new sewer in place of the Clay street sewer, which has become a menace to health.

On motion of Councilman McMahon it was decided to meet once during the months of July, August and September, unless called together in special session by the mayor.

CARRIES A BULLET.

William Watson Tells a Strange Story.

Claims to Have Been Shot While Housebreaking in Fort Wayne.

William Watson is confined in the jail at Warsaw upon a charge of vagrancy preferred by Pennsylvania Dectective Seymour. Watson is suspicioned of being a crook and the Warsaw authorities are holding him expecting to learn something of his past. He was in Fort Wayne last Monday, and upon representation of being sick, was furnished transportation to Warsaw by Trustee Schmetzer. The Pennsylvania detectives were suspicious of the man and Lieutenant Somers interviewed him. Watson said he had a bullet in his side and was going to Warsaw to have it removed by Dr. Hetrick. He said he received the wound by resisting robbery by tramps on the Lake Shore road, near Elkhart. Watson also told the lieutenant that the only friend he had in this part of the country was a man named Hudson, with whom he had traveled pretty near all over this country and who he left in Fort Wayne. Dr. Hetrick removed the bullet from the man's side last evening. From the appearance of the wound the doctor says he would judge it had been made a week or ten days ago. After the operation and while still partially under the influence of the ether, Watson became very communicative. He said he was shot while escaping from a house in the western part of Fort Wayne. He had entered the house, he said, for the purpose of robbery, but was detected and driven away before he accomplished his object. No attempt at robbery, such as described by Watson, has been reported at the police station, but such a thing might have occurred and the would-be victim failed to report it. The Pennsylvania railway police think the man is a crook of the most dangerous character and they will hold him until they make a thorough investigation.

The Only One Ever Found.

The New Dry Air Germicide for the Cure of Diseases in the Respiratory Organs.

NATURE'S OWN REMEDY.

By Inhalation Alone Can Germs Be Reached and Destroyed.

It has often been said by scientific and medical men that nature has provided a cure for every disease, an antidote for every poison. This saying was never so clearly exemplified as in the discovery of HYOMEI, the first Dry Air Germicide ever found of sufficient power to kill the germs of all respiratory diseases, yet so latile enough to impregnate every particle of air breathed and leave it free from moisture. For years physicians have labored to find some cure for Catarrh, Bronchitis, Asthma and Consumption, and statistics show how utterly they have failed in their efforts. This has not been for lack of a remedy which would kill the bacilli of disease, but due to the fact that such remedies could be used in no other way than through sprays, douches, atomizers and vapors, which precluded all possibility of ever entering the bronchial tubes and lungs. What a contrast between these old methods and the new! Since HYOMEI was first discovered this new germicide, which can be carried in the air you breathe to the minutest air cells of the lungs, has been tested by over 385,000 people, and, although every bottle has been guaranteed, but eleven persons out of this vast number have reported no benefit received and asked for a return of their money.

THE NEW LAW

Is Already Making Trouble for Freight Agents.

Every Bill of Lading Must Bear a Two-Cent Stamp—News of the Shop and Rail.

Local agents have been engaged for a day or two in preparation for putting the new revenue law into effect. Beginning with next Friday, every way bill or bill of laden issued by an agent must bear a two cent revenue stamp. This looks like a small sum, but when we take into consideration the fact there are from 100 to 200 shipments each day from any one of our several freight houses, we are brought to a realization of the enormity of the tax as a whole. A conservative estimate of the amount the Fort Wayne freight houses will pay for revenue stamps is $3,000 per year. This expense must be borne by the railways, and it will make a considerable "hole" in the earnings. There are many 25 cent shipments. Each one will cost the company a two cent stamp, which is equivalent to a loss of 8 per cent.

STUDENTS VISIT THE ELECTRIC WORKS.

Last evening about twenty members of the Fort Wayne School of Electricity met at the works of the Fort Wayne Electric corporation where they visited the different departments and watched the many wonderful manifestations of electricity and magnetism as seen in the arc and incandescent systems of Mr. Wood.

It was the last meeting of the class for this term and was much enjoyed by the members and visitors in witnessing the practical operation of dynamos, motors, lamps, meters, voltmeters, amperemeters, transformers, etc. This visit is part of the instruction given each year by the Fort Wayne School of Electricity.

FIXING GRAIN RATES.

ST. LOUIS, Mo., June 29.—Freight traffice managers of the lines south of the Ohio and east of the Mississippi rivers, chiefly composing the membership of the Southeastern Mississippi Valley association, have met here to effect a readjustment of grain rates on shipments to the southeast. The meeting also discussed the methods of applying the revenue stamps on bills of lading, dray tickets, etc. Southeastern lines take the same view as the eastern and western lines that the railroads must bear the expense of the stamp on the original bill of receipts, but that the shipper should pay for all duplicate receipts.

General and Local Gossip.

F. W. Heine, boilerlagger at the Pittsburg shops, is sick.

Master Mechanic B. Fitzpatrick is in Chicago, looking after railway business.

Nickel Plate Brakemen H. Imbody and J. F. Hartman are taking a few days recreation.

Jacob Baches, boilermaker, is at Wanetah, repairing a boiler for the Pennsylvania company.

J. Garrison, a painter at the east car shops, is spending a few days with friends in Chicago.

J. R. Helsworth, of the Pittsburg planing mills, is attending to private business at New Haven today.

Lyman Griffis, late of Mentone, Mich., has taken a position in the local freight office of the Lake Shore. He is night clerk.

James Hamilton left yesterday for Pittsburg, Pa., where he will visit relatives a week or two. He is a Nickel Plate brakeman.

It is expected that 2,000 will be in attendance at the annual meeting of the National Association of Railway Agents, to be held at Buffalo July 20 to 22.

A surveying corps is locating the line of the Sioux City, St. Louis and Chicago road, heading directly to the Missouri river, where it is proposed to build a bridge.

It is stated that S. R. Callaway, recently elected president of the New York Central, could have the presidency of the reorganized Baltimore and Ohio if he would accept.

Engineer H. H. Hunt and Fireman L. M. Bell have taken charge of Nickel Plate engine 14, just out of the shops. They have a freight run on the Third district, Fort Wayne to Bellevue.

Conductor Joseph Morgan, of the Pittsburg, was at the depot yesterday for the first time in two or three months. He has been very sick, but is now rapidly recovering.

Depot Master J. W. Clark and Claim Agent F. E. Hunt, of the Pennsylvania, have moved into their new office at the depot. They have very pleasant and convenient quarters.

Clerk Theodore Dobler resumed his place at the desk in the office of the Pittsburg round house this morning. He had been spending a two weeks' vacation with his parents in Racine, Wis.

Secretary J. W. Burns, of the Y. M. C. A., has billed the city for the flag raising at that worthy institution next Saturday evening. The flag staff will be erected on top the building and will be about sixty feet high.

The Pennsylvania railroad police will wage a rigid war against the freight train tourists. Weary William always did have trouble in making his way over that line and his troubles are now to be increased ten fold.

Machinist Frank Frary is at Attica, Ind., repairing the Wabash's steam shovel.

George White, a clerk, has been transferred from the down town shops of the Pittsburg to the east shops.

Michael S. Quinn, David Littlejohn and Harry Tourgee, employes of the Wabash, are spending a few days in Toledo.

Machinist Alexander Muirhead, of the Wabash shops, and his wife, left today for Buffalo, N. Y., to visit friends several days.

Miss Emma C. Wallace, stenographer for Master Mechanic C. H. Doebler, will be the guest of her aunt at Auburn, Ind., during the Fourth.

William Shafer, machinist at the Wabash shops, has learned that his brother George, whom the family has not seen for eight years, is now on the United States torpedo boat Morrill.

Charlie Hartman, telegraph operator at the Wabash master mechanic's office, will visit his best girl at Toledo on the Fourth. Hints of a wedding about that time are current in Wabash circles.

Samuel Whiteman, boss carpenter on the middle division of the Wabash road, is lying very ill at his home in Lafayette, Ind. Mrs. Hugh Welsh, who is a daughter of the sick man, will go to Lafayette this evening to see him.

Mrs. J. A. Ginder, wife of Brakeman Ginder of the Pittsburg, and Mrs. Henry Steinacher and little daughter left this morning for Wayne county Ohio where they will be the guests of relatives and friends for several weeks.

Benjamin F. Champney, who was chief of the police of Jersey City from 1862 to 1866, and who resigned to become ferry master of the Pennsylvania Railroad company at the Jersey City ferries, died on Saturday, aged seventy-seven.

Seventeen Syrians left on Pennsylvania train No. 20 yesterday, bound for Syria. Six of the party go home to be married, and the others go to visit relatives. They will return in the fall, accompanied by a number of brothers, sisters, uncles, aunts and cousins.

The departure of the Concordia college students for their homes made business this morning for the ticket salesmen and baggagemen at the various depots. The Wabash seemed to get the lion's share of the business, over fifty of the boys leaving over that line.

Dr. and Mrs. Clarkson, who came here to attend the funeral of their daughter, Mrs. C. D. Law, left this morning for Chicago, accompanied by Superintendent Law and his two sons, Will and Fred Law. Mr. and Mrs. Clarkson will soon return to their home, Asbury Park, N. J.

Agent E. S. Philley, of the Lake Shore, has as his guests his nephew and niece, Mr. and Mrs. Neubert, of Lawrence, Kan., who are en route home from Saratoga, where Mr. Neubert attended the master mechanics' convention. Mr. Neubert is general foreman of the Union Pacific shops at Lawrence.

The roads running into Omaha are determined that the ticket scalpers must be driven out of the exposition city, and the general passenger agents say that if they are not made to quit business it is probable that the low rates made on account of the trans-Mississippi exposition will be withdrawn.

Samuel Metcalf, a brakeman on the Pennsylvania limited, is lying in a critical condition at St. Joseph hospital. He was operated upon for disease of the skull a few days ago and does not recover as hoped he would. Mr. Metcalf is one of our best railway men and his legion of friends sincerely hope he may speedily recover.

One hundred and fifty-three sailors from Philadelphia and Toledo passed through the city this morning, en route to San Francisco, from whence they will sail for the Philippines to strengthen Admiral Dewey's squadron. The train bearing the party ran as the second section of Pennsylvania train No. 15.

Arrangements are now under way for running an excursion over the Lake Erie and Western to Rushville September 5, the date of the first annual log rolling of the Modern Woodmen in Indiana. It is believed that a crowd of several hundred people can be raised here for an event of that kind if the company makes a satisfactory rate.

A large force was set at work yesterday in the building of the extension of the Lake Erie and Western from Akron, Ohio, east to New Castle, Pa., where it will connect with the extension westward of the Buffalo, Rochester and Pittsburg. The Lake Erie and Western, under the new survey, will have but eighty-five miles to build, and expects to complete it by December 1.

The use of electric locomotives for freight yard or general shifting purposes is becoming generally recognized. One of the latest examples of this class of service is afforded by the Arlington mills, Lawrence, Mass. These mills have about two miles of track running from the main line of the Boston and Maine railroad, and spurs in the alleys between the different buildings. As formerly operated, a steam locomotive was rented from the railway, but this was both expensive and unsatisfactory, and an electric plant was installed.

Anglo-American Commission is Not Provided For.

Senate Fails to Appropriate Money Necessary for the Joint Meeting in Canada This Summer.

WASHINGTON, June 29.—The president is deeply concerned at the action of the senate appropriations committee in striking out of the sundry civil appropriation act the item appropriating $50,000 to defray the expenses of the joint commission to be held at Ottawa, Canada, this fall, to endeavor to effect a settlement of the many important questions at issue between the United States and Canada.

This commission had been arranged for by the secretary of state, acting under the direction of the president, in answer to what was believed by both of them to be an almost unanimous popular demand.

There were many questions pending between the two governments that contained possibilities of serious complications. Such for instance as the Alaskan boundary question which, on account of the extraordinary development of the Klondike country, had become a matter of the greatest importance.

Then there were questions connected with the great lake boundary, with the transit of goods in bond over Canadian and American territories and with the supply of bait to American fishermen.

The growing fraternal spirit between the United States on the one side and Canada and England on the other, seemed to make the time auspicious for an easy settlement of these and other questions that have long given trouble to the state department.

Therefore, as an outgrowth of the Behring Sea negotiations, there was an exchange of notes between the United States and Canada through the medium of the British embassy here during the late winter and early spring that finally resulted in an agreement to appoint a joint commission to meet at Ottawa and endeavor to adjust these open issues. In arranging for this commission, the president was acting clearly within his constitutional powers so the action of the senate committee has been received with great surprise as indicating a clear purpose to interfere with the free exercise of the constitutional treaty-framing function by the president. It is not believed by the administration that the opposition to this commission manifested in the senate committee will prevail in the senate when attention is drawn to the facts.

The appropriation of the money for expenses does not in any way commit the senate to an approval of the treaty when it is submitted to it, but the president having so far advanced the negotiations as to permit the British side to name the personnel of the commission which will represent it, the department of state would be placed in a mortifying position if now prevented from carrying out its part of the agreement through the lack of a small appropriation.

Moreover, our exporting and other interests are particularly anxious for a successful outcome of these negotiations, which, among other things, will include preferential tariff rates for American produce and manufactures.

The British government has signified its approval of the plan for the commission to consider pending controversy between the United States and Canada, and to proclaim treaty for their settlement.

Following this approval, an understanding has been reached that the commission will begin its session within the next few weeks, during the latter part of July, at Quebec. It is possible that the personnel of the commission will show some distinguished names, as it is understood that Baron Herschel, one of the foremost public men and jurists of England, will be one of the commissioners in behalf of Great Britain and Canada, and that Louis Davies, the Canadian minister of marine, will be associated with him.

It is expected that President McKinley will name the American commissioners at an early date and it is understood that a United States senator, probably Senator Hoar, will be among those designated to represent the United States.

It is quite likely also that John W. Kasson, John W. Foster, or possibly both, will be on the commission as each has taken a part in the preliminary negotiations.

RUSSIA MORE FRIENDLY.

St. Petersburg Papers Now Express Contempt for Spain.

ST. PETERSBURG, June 29.—In view of the continued improvement of the military position of the United States, the newspapers here are changing their tone to friendship for America, and now speak with contemptuous pity of Spain, the reason being, it is alleged, the growing fear of a possible Anglo-American alliance.

The Russian press, however, does not think such an alliance very probable, and predicts that the victory of the United States over Spain will lead the former into a colonial policy, which will eventually result in a conflict with Great Britain.

The next annual meeting of the Tri-State Medical association will be held at Elkhart, Ind., Tuesday July 19. The meeting is expected to be one of the most interesting yet held by the association. Among the large number of professional papers to be read are those of Dr. K. K. Wheelock, Dr. G. W. McCaskey and Dr. B. Van Sweringen, of this city. Dr. J. B. Murphy, of Chicago, who has acquired new fame from his consumption cure, will be in attendance.

GENERAL MISQUOTED.

Merritt's Alleged Statements Regarding Colonies Positively Denied.

SAN FRANCISCO, June 29.—Mayor Phelan has written a letter in which he says that Major General Merritt did not speak the words attributed to him in responding to a toast at a private dinner given in his honor by Mr. Phelan.

General Merritt is reported to have said at this dinner: "I believe in the new national policy of the United States, which looks to the acquisition of additional territory, representing the outlying islands that are requisite for the development of national strength and growth."

Mayor Phelan says that neither these words nor sentiments were uttered by General Merritt. The dinner was a private affair at which there were no reporters, and General Merritt was misquoted in announcing the so-called new national policy upon which, as a matter of fact, he did not dwell at all.

Hon. F. J. Hayden's men began cutting wheat in front of the Feeble Minded institute this morning. Competent judges say this is the finest field of wheat in the county, if not in northern Indiana. It is worth paying ten cents street car fare to ride out and see it.

UTAH KIDNEY BEANS

The Great Kidney and Bladder Remedy.

A certain cure for Bright's Disease, Diabetes, Dropsy, Stone in Bladder, Gall-Stones, Inflammation of Kidneys or Bladder, Incontinence of Urine, Retention in Urine, Sediment in Urine, Scalding Urine, Difficulty in Passing Urine, and Bed-Wetting of Children, Rheumatism, Dropsical Swellings, Pains in the Back, Irritation and Pains in the Bladder, Palpitation of the Heart, Pains under the Shoulder-Blades, Extreme Pains in the Loins, Low Fever, Blotches, Continuous Headache, Great Thirst.

Beware of Liquid Kidney Remedies: they contain Alcohol. Sick kidneys should not be fed Alcohol it aggravates the disease. Utah Kidney Beans are solid; they are concentrated; and they act directly on the kidneys.

Rev. Roland Hull, an eminent clergyman of the Baptist Church, residing at Williamsport, Tennessee, endorses **Utah Kidney Beans** for the great relief his wife received from using them. Rev. Mr. Hull is known from one end of the State of Tennessee to the other, having been in the ministry for over half a century. This good man would not endorse a medicine or anything else unless he knew beyond the shadow of a doubt that it was worthy. Therefore, such endorsements give **Utah Kidney Beans** a standing that no other Kidney remedy in the country has. Mrs. Hull received great benefit from the use of **Utah Kidney Beans**; they gave her new strength and new life. They will save her many struggles and needless suffering. They will in all sufferers from kidney troubles out of sick beds and restore them to vigorous health. Strength begins to return after the first few doses.

MAKES RICH, RED BLOOD.
Kling's Ambrosia is a refreshing, wholesome, non-intoxicating beverage, absolutely pure and vouched for by leading physicians. It has a full hop flavor, containing all that is nourishing, thirst quenching and nerve bracing, with none of the undesirable attributes of most so-called hop tonics and summer drinks.

Kling's Ambrosia
is without a peer. Its value may be summed up in these words:

Refuse all substitutes, many of which are harmful, and insist on having KLING'S AMBROSIA, made only by Phillip Kling Co., Detroit, Mich. You or your dealer can get it by telephone or postal card from	Pure Wholesome Refreshing Bracing Non intoxicating Healthful Inexpensive

CLOTHIERS.
58 CALHOUN ST.

WHEN The **MEN'S SUITS** We Sell At **$7.50, $10.00 AND $15.00** Bring about $2.50 more a Suit at other clothing stores, it's pretty hard to figure out how you are going to make any money by buying them there.

Isn't It?

Life size portraits in Sepia or Pastel, free with purchase of $5.00 or over. Ask for coupons.

WHEN A reliable clothing house, carrying the best stock in the city, offers Boys' Middey Suits, worth $4.00, for only $3.00, wisdom would dictate a purchase, wouldn't it?

WHEN You can buy at Sam, Pete & Max's for $2.00 all-wool, double breasted Suits, 8 to 15, which are selling otherwheres for $3.00, it would seem useless to waste time at other places, wouldn't it?

WHEN The mothers of boys who want to join the navy, and fight Spain, can buy their Suits here in sizes from 8 to 16, for only $1.00, going somewhere else and paying $5.00 for same Suit, it wouldn't seem good judgment, would it?

WHEN Negligee Shirts, which we sell in a variety of styes for only 50c, $1.00 and $1.50, are selling for more money elsewhere, you would seem negligent of your opportunities if you did not buy a few, wouldn't you?

WHEN Nobby Hats, in all styles—Derby's Fedoras, Crashes, Crushes, Crushers, Straws, etc. can be bought here for so little money, it would be foolish to go bare headed, wouldn't it?

WHEN You purchase at lower prices than others charge, goods of a higher grade, and have the truth told about every garment it seems like a sheer waste of time and money to trade anywhere but at Sam, Pete & Max, doesn't it?

A FAMOUS DISH.
With a New and Savory Flavor.

Chop beef, mutton or pork into a hash. Take of quantity of Grape-Nuts equal to half the amount of meat. Mix into the Grape-Nuts a raw egg and what milk it will take up.
Salt and pepper to taste.
Now thoroughly mix meat and all into a hash, form into patties like sausage and place in a hot skillet with only enough butter on bottom to prevent sticking. Place cover over the skillet and cook until done.
Put a little piece of butter on top of each patty if they tend to become dry, but do not use enough to make greasy.
Serve hot and you will discover that the meat has acquired a most savory flavor from the Grape-Nuts and at the same time it has been rendered easily digestible and the elements in the Grape-Nuts furnish most valuable nourishment for athletes as well as invalids. Made by the Postum Co., Battle Creek, Mich.
Grocers sell Grape-Nuts.

William Dexter arrived here this morning and at 4 o'clock this afternoon will be married to Miss Edith Ball at the home of Mrs. J. H. Tibbles, No. 177 Griffith street. Mr. and Mrs. Dexter will reside in Dayton.

There is strong objection to the policy of the board of safety in placing a patrol box at the southeast corner of Calhoun and Jefferson. St. Augustine's academy is located on the corner and as the only attendants there are little girls and young ladies it is not very appropriate that a drunken and probably blasphemous man should be hauled before them for exhibition every few days.

THE WAR TAX.

After Tomorrow People Must Put Up for the War.

Stamps Must be Placed on All Telegrams and Checks--Real Estate Agents Must Make Extra Charges.

Beginning Friday, July 1st, the people of Fort Wayne will begin in a direct way to pay the expenses of the present war with Spain. On that day every check issued must bear a two-cent stamp or the banks will not honor it. This stamp must be cancelled with the initials of the owners and date of cancellation must be imprinted on the stamp.
Real estate dealers and money lenders will be compelled to charge fifty cents extra for every instrument signed which calls for a consideration of $500 or less. An additional fifty cents must be charged for every additional $500.
Under a penalty of $10 no telegraph company shall accept for transmission any telegraph dispatch without the person sending such telegram attatch to it one adhesive stamp costing two cents. The law further provides that the person affixing the stamp shall write or stamp thereon the initials of his name and the date upon which the stamp shall be attached or used, so that the stamp may not again be used. The only telegrams exempt are market reports, service messages sent between offices of the company, government messages, and messages of officials of railways along their own lines. Persons who carry telegraph franks will be compelled to pay the tax.
The additional tax placed on beer, cigars and tobacco has already gone into effect and is being collected.

CHRONIC ECZEMA

CURED BY CUTICURA

I was troubled several years with chronic Eczema, on my head and face. I took medical treatment from two doctors and several lotions, but received little relief. At times, the dreadful itching became almost intolerable. When I was heated, the Eczema became painful, and almost distracted me. I tried CUTICURA REMEDIES. SANTIAGO DOOMED.

Shafter Says He Can Take the City Within Forty-Eight Hours.

NEWS OF BATTLE EXPECTED AT ANY TIME

WASHINGTON, June 29.—1:20 P. M.—General Shafter has just reported to General Miles that he can take Santiago in forty-eight hours, but indicates that the undertaking might involve considerable loss.

He is fully aware of the approach of Spanish reinforcements and it is believed here that he intends to take the town immediately and that news of a battle might be expected any time.

REINFORCEMENTS NEARING SANTIAGO.

WASHINGTON, D. C., June 29.—General Shafter has reported to the war department that Spanish troops numbering 8,000 with pack trains and cattle are advancing from Manzanallo and are now within fifty-four miles of Santiago.

SHAFTER REPORTS MARKING OF GRAVES.

WASHINGTON, D. C., June 28.—The war department has posted the following bulletin:

"Playa Del Este, June 28.—Hon. Russel A. Alger, Secretary of War, off Siboney, June 27.—The graves of the dead are marked so that there will be no mistake in identification. The health of command is reported to me by the surgeons as remarkable outside of the wounded. There are today less than 150 men sick. So far no wounded have died and but two died of disease since leaving Tampa. SHAFTER,
"Major General, Commanding."

The war department also gives out the following cable correspondence:

"War Department, Washington, June 25.—Major General Shafter, Commanding, etc.—The president directs me to send his thanks to you and your army for the gallant action of yesterday, which I gladly do.
"R. A. ALGER,
"Secretary of War."

"Baiquiri, Cuba, June 26.—Honorable Secretary of War, Washington.—Sincere thanks to the president for his congratulations.
"SHAFTER, Major General."

OFFICIAL REPORT FROM SAMPSON.

WASHINGTON, D. C., June 29.—The navy department today posted the following bulletin, giving a report from Admiral Sampson under date of June 22, off Santiago.

"On the morning of the 16th the the batteries at the entrance of Santiago were subjected to a severe bombardment by the fleet.

"The firing was deliberate and, in general, most excellent. The batteries were quickly silenced.

"On the 15th the Texas, Marblehead and Suwanee destroyed the fort at Guantanamo. On the 16th the Yankee engaged a Spanish gun boat off Cienfuegos. On the 17th Lieutenant Harlow, with two steam launches, one under Cadet Powell and one under Cadet Hart, made an examination of Cabanas Bay.

"The launches were subjected to a heavy and continued fire at short range and were struck seventeen times, although no one was hurt.

"Lieutenant Harlow in his report particularly praises the conduct of Cadets Hart and Powell and Coxwains O'Donell and Bloom.

"On the 10th General Garcia and his staff visited the flagship, having arrived that morning at General Rabi's camp at Accerraderos.

"My impressions of General Garcia are of the most pleasant character. He is a large, handsome man of most frank and engaging manners, and of most soldierly appearance.

"The fleet has with my directions furnished food, clothing and arms to the Cuban forces, both east and west of Santiago.

"Much has been done in this direction at Guantanamo by Commander McCalla, who has been most energetic in rendering them all the assistance possible.

"Great activity and courage has been shown by the Cubans at Guantanamo and Commander McCalla is most eulogistic in reference to their conduct. There are about 10,000 Cuban forces in this immediate vicinity.

"On the 20th the transports arrived and General Shafter and I paid a visit to General Garcia and Rabi. The process of disembarkation was rendered difficult by heavy seas, the heaviest which we have had during the three weeks the fleet has been stationed here.

"By 3 o'clock in the afternoon, however, 4,000 men were ashore, and the work was proceeding with great rapidity.

"The pier was not injured and one of the steamers went alongside of it.

"The water supply was not injured. The Vesuvius has done almost nightly firing since she has been here, the explosion of the shells producing very great affect."

HONOR FOR HEROES.

Senate Passes Resolutions of Commendation.

Hobson and His Crew and a Number of Others Remembered for Great Gallantry.

WASHINGTON, D. C., June 29.—In accordance with the recommendations of the president, the senate at the beginning of its session today took action in recognition of the distinguished services rendered recently by officers and men of the navy and revenue cutter service.

Mr. Frye, of Maine, reported from the committee on commerce a joint resolution recognizing the gallantry of Frank H. Newcomb, commanding the revenue cutter Hudson, and of his officers and men also, retiring Captain Daniel B. Hogesden of the revenue cutter service for efficient and meritorious services in command of the cutter Hugh McCulloch at Manila.

The resolution extends the thanks of congress to Lieutenant Newcomb for his heroic gallantry in the action at Cardenas, when he and his crew rescued the Winslow and such of her crew as had not been disabled or killed, and provides for a suitable medal of gold for Newcomb, silver medals for his officers and bronze medals for the members of his crew.

It also places Captain Hodgesdon, of the McCulloch, on permanent waiting orders at full duty pay.

The resolution was adopted without debate.

Mr. Hale, of Maine, of the naval committee, then reported favorably a resolution tendering the thanks of congress to Naval Constructor Hobson, who with his crew of seven men, sunk the collier Merrimac across the entrance to the harbor of Santiago de Cuba and providing for the transfer of Mr. Hobson from the construction corps of the navy to the line.

The resolution was also adopted.

After the resolution had been adopted, Mr. Hoar, addressing himself to the action just taken by the senate, said:

"All we do and all we have done for Naval Constructor Hobson, in recognition of his distinguished bravery, is to extend by name the thanks of congress. But in this case, where a deed of special heroism was performed, it seems to me that we ought to recognize the men who volunteered to accompany him on his perilous undertaking.

"All were undergoing the same risk and the names of the entire seven ought to be mentioned in the resolution. I would be glad to see this chamber filled with such heroes as those men are."

Mr. Hoar said that such recognition by congress was one of the greatest marks of honor that could be conferred upon any man or men.

TROOPS WITHDRAWN.

Strike Troubles in Oshkosh Nearing a Settlement.

OSHKOSH, Wis., June 29.—With consent of the mayor and the sheriff, Governor Schofield has decided to withdraw the four companies of infantry numbering 300 men, leaving the light battery and light horse squadron to take care of the strike in connection with the 300 deputy sheriffs and special police already sworn in.

The efforts to settle the strike by compromise have resulted in failure owing to the firm refusal of manufacturers to treat with the strikers as union labor.

The strikers would apparantly yield if the union were recognized and some small concessions in wages were allowed.

At a meeting of the Woodworkers' union today, the strike, as far as the McMillan mill is concerned, is declared off and 200 men will return to work today.

Its action will bring about a speedy settlement of the trouble in all the mills.

Mrs. A. Z Polhamus, of East Creighton avenue, entertained the members of the Violet club in a delightful manner at 5 o'clock tea last evening. The guest of honor was Miss Williams, who is the guest of Miss Emily Mick. The table decorations were sweet peas and pansies. The favors were violets.

PREPARING TO MOVE

Renewed Activity Manifested at Camp Thomas.

Twenty-Seven Regiments Expect to Leave.

Much Rivalry to be First in Complete Readiness.

The Y. M. C. A. Work is Growing in Camp and 1,000 Men Have Professed Religion.

CHICKAMAUGA, National Military Park, Tenn., June 29.—The order issued yesterday afternoon conveying the information that the entire first army corps would be sent to Cuba has doubled the activity at Camp Thomas. The work of completely equipping and arming the twenty-seven regiments is an immense task for the short time in which it must be accomplished, but the work is already in progress and the officials say it will be finished much sooner than is generally believed possible.

Everybody in the twenty-seven regiments, from colonels to privates, are hustling today and considerable effort to be the first in shape is in evidence.

It is believed that all under orders will be moving inside of two weeks. The western and Atlantic and southern railroad officials have received no orders from the war department to supply cars for the moving of troops from Chickamauga Park to Tampa or some other southern seaport.

The only thing of this sort is a notice from the war department to the local Western and Atlantic officials stating that the troops would doubtless be moved south very soon and suggesting that they make preparations to furnish a large number of cars when the proper time arrived.

Brigadier-General Howard Carroll and Major Moore, representing the governor of New York, are in the New York camps inspecting the rations.

They talked with the commissary officers and privates, and the result of their investigation so far is that they are thoroughly convinced that Uncle Sam is taking good care of his soldiers.

Colonel Wilder of the Fourteenth New York, has received permission for his regiment to engage in target practice soon as he can get his range in readiness, the men will begin what they have been eager for for many days.

Brigadier General Waite, formerly of Texas, has assumed command of the second brigade of the third division, first army corps, relieving Colonel Pew, commander of the Ninth Massachusetts.

When the new commander assumed formal charge of the brigade Colonel Pow returned to the Ninth Massachusetts, relieving Lieutenant Colonel Bailey.

According to orders received the Twelfth New York is restored to the second brigade of the third division, under command of General Waite.

This regiment was transferred to the second division so that it might be among the regiments to move under the orders received by the first division and first and second brigades of the first corps.

The entire corps now goes and the regiment can resume its old place.

The Y. M. C. A. has now twenty tents and over fifty men at work in Camp Thomas. The average daily attendance at each tent is over 1,000

During the past week over 1,000 men have professed religion in the evangelistic meetings held by Rev. Torrey and other delegates.

MILITARY ORDERS.

WASHINGTON, June 29.—Several general orders issued by direction of Major General Miles were made public at the war department today.

A division commander may grant leave of absence for ten days, a corps department commander for one month, and the commanding general of the army for four months; or they may extend to such periods those granted by subordinate commanders.

Applications for leaves of more than four months' duration from officers of the staff corps and departments, desiring leaves of absence to pass beyond the territorial limits of their commands, will be forwarded to the adjutant general of the army for action of the secretary of war.

By direction of the secretary of war, ordnance officers are to issue to the officer in charge of the non-commissioned staff and band, or company of musicians, of volunteer regiments, when they take the field upon the requisition of such officer, thirty revolvers, which will allow one for each regimental non-commissioned staff officer and one for each member of the regimental band.

For the medica department in the field the wheel transportation is to be one ambulance to 400 men of the effective force; one four-horse wagon to 800 men of the effective force, and one four-horse wagon to each brigade.

Spain Expect... Come From the ...r's Fleet.

GENERAL MERRITT SAILS FOR MANILA

MADRID, June 29.—10 a. m.—Dispatches received from Manila today under date of June 21 say the Spaniards are determined to fight to the death and that there is every reason to believe that when the American troops arrive desperate fighting will occur on land and sea.

It is supposed at Manila that the German warships will prevent the bombardment of that place, and it is alleged that Prince Henry of Prussia is on his way there on board a warship.

The Spaniards are said to be actively pushing preparations for the defence of the city.

General Aguinaldo, the insurgent leader, declares that the family of Captain General Augusti, who are prisoners in his hands, are at Panpanga and are well treated.

GENERAL MERRITT SAILS FOR MANILA.

SAN FRANCISCO, June 29.—The speedy steamer Newport, bearing Major General Wesley Merritt, military governor of the Philippines, and his staff, besides the Astor light battery and companies H and K, of the third United States artillery and detachments from the signal corps, is now on its way to Manila.

As the vessel gradually drew away from her dock today the blowing of many whistles told the people that General Merritt had taken his departure.

Great crowds had gathered to witness the departure of the vessels and many fashionable equippages on the dock told of the presence of the representatives of the four hundred, which had come to bid farewell to friends among the members of the Astor battery.

Many tug boats and yachts chartered for the occasion accompanied the Newport down the bay and out through the Golden Gate to the Pacific, where the last farewells were waved to the departing military men gathered on the deck of the steamer.

The Newport will make an effort to overtake the third fleet of transports, which sailed on Monday, after the fleet reaches Honolulu, where the vessels will coal and take on fresh supplies before proceeding to Manila.

General Merritt is very anxious to avoid an encounter with any vessel of the Spanish navy and will issue orders to the fleet at Honolulu to make all possible speed. It is probable that the Newport will not wait for the other vessels of the fleet at Honolulu, but will proceed with as little delay as possible to Manila.

PEOPLE OF MANILA LIVING IN TERROR.

MADRID, June 29.—The government has received the following dispatch from Captain General Augusti, dated Manila, June 23:

"The situation is still as grave. I continue to maintain my position inside the line of blockhouses, but the enemy is increasing in numbers, as the rebels occupy the provinces, which are surrendering.

"It is estimated that the insurgents number 30,000 armed with rifles and 100,000 armed with swords, etc.

"Aguinaldo has summoned me to surrender, but I have treated his proposals with disdain, for I am resolved to maintain the sovereignty of Spain and the honor of the flag to the last extremity.

"I have over 1,000 sick and 200 wounded.

"The citadel has been invaded by the suburban inhabitants, who are abandoning their homes owing to the barbarity of the rebels. These inhabitants constitute an embarrassment, aggravating the situation, in view of the bombardment, which, however, is not seriously apprehended for the moment.

"The governor of the Vizcayas and Mindanao islands cables that he has defeated the insurgents in an engagement, during which Chief Arco, Aguinaldo's representative, was killed. He adds that tranquility now prevails throughout these islands and he further asserts that the principal Malay chiefs of the Mindanao group declare they desire to fight on the side of the Spaniards against the invaders."

According to other advices the emissaries sent out to seek General Monet's column of 1,000 men returned after a fruitless search.

Captain General Augusti's family is still in the hands of the insurgents.

General Pena, with 1,000 soldiers, has surrendered. His soldiers, most of them natives, joined the insurgents. A majority of the detachments in the islands of Luzon have surrendered, owing to their lack of food, although some succeeded in escaping.

Numerous Spaniards, including the governors of Batagna, Laguna and Bulacan, have taken refuge at Cavite.

The rebels who are besieging Manila exceed 25,000 men.

The city is completely isolated and the arrival of the Spanish squadron is anxiously awaited, for the position of Manila is untenable.

Small rebel craft navigate the bay conveying prisoners to Cavite.

MERRITT'S PLANS FOR PHILIPPINES.

SAN FRANCISCO, June 29.—Major General Merritt expects to reach Manila by July 25 or August 1, at the very latest. Before his arrival, General Greene will have consulted with Admiral Dewey as to the advisability of making a joint attack on Manila.

General Merritt's installation as governor general will be attended with as little ceremony as possible.

In his proclamation he will assure the people that their forms of worship and churches will not be interferred with.

This will be made clear, as will also the fact that property is not to be confiscated, in order to offset representations to the contrary which have been made by agents of Spain.

The general has requested the war department to appoint Major T. L. Rathbone as his personal representative in San Francisco.

STRIKE OF MINERS.

Men in Pennsylvania Quit Work Trouble is Feared.

CLEVELAND, Ohio, June 29.—A special from Sharon, Pa., says:

All the coal miners working at Jackson Center, Stoneboro and Sandy Lake have been induced by the strikers to quit work and join their ranks.

About 400 men came out yesterday. Tents and fixtures from Pittsburg will reach the men this week.

The force of strikers is now about doubled.

George Barber, one of the deputy sheriffs, has been arrested and bound over on the charge of assaulting one of the strikers.

Further trouble is imminent. Several other deputies were sworn in today.

THE COURTS.

Dr. A. J. Boswell has filed his bond as treasurer of the school board with the following sureties: Frank Alderman, Edward White, John W. White, H. A. Keplinger, C. F. Centlivre, William Moellering, Abraham Weil, R. C. Bell, M. C. McDougall, R. T. McDonald, R. L. Romy and T. B. Hedekin.

Ella Burdick wants a divorce from Williard Burdick, on the grounds of cruelty. The complaint was penned by J. L. Hughes.

In the circuit court Nora A. Crawford was granted a divorce from Harvey Crawford. She was also given the custody of the children.

Henry Kuhl and Frank Browski, who were last week arrested for burglary and bound over to the circuit court in the sum of $100, were taken before Judge O'Rourke yesterday on a bench warrant and their bonds increased to $500.

In the superior court Mary A Gearhart applies for a divorce from William S. Gearheart. She asks for $2,000 alimony.

John Bixler and William Gown were arrested by Sheriff Melching today, charged with having broken the windows in Kehman's grocery, in Rockhill's addition. Sunday evening. They had a hearing before Justice Bullerman this afternoon.

James S. Darling was arrested for assault and battery on W. E. Angevine. He is having a hearing this afternon.

Henry Westerman was fined $1 and costs and Herman Huelle $3 and costs by 'Squire Tancey for participating in a fight.

Fred Oetting was fined and costed in the sum of $26 50 for selling liquor at a picnic without a license.

Mary Kickery was fined $1 and costs by 'Squire France for commiting an assault and battery on Mary Mongo.

Daniel E. Null and Elizabeth P Doermer.

William G Dexter and Edith H. Ball.

Louis G. Neeb and Bertha M. Bennigin.

The fire laddies at No. 1 engine house this afternoon raised a handsome flag over the engine house. The boys cheered as the red, white and blue flung its folds to the breezes and hereafter "old glory" will float from the mast every day.

Pope Leo is Said to be Deeply Affected by the Course of the War With Spain.

MADRID, June 29—9 A. M.—According to an announcement printed this morning the queen regent intends to immediately sign a decree providing for the formation at Cadiz of an auxiliary cruiser division, consisting of the Alfonso XIII, Joaquim Del Pelaygo, Ciudad de Cadiz and Meteoro.

POPE MUCH AFFECTED BY THE COURSE OF THE WAR.

ROME, June 29.—The pope is said to be much affected by the course of the Spanish-American war, and, in view of his age and nervous prostration for some time past, his entourage is anxious, although his physicians declare there is no cause for alarm.

HOW HAVANA VIEWS THE WAR'S PROGRESS.

(Copyrighted, 1898, by the Associated Press.)

HAVANA, June 29—Delayed in transmission—It is said at the palace of the captain-general, here the headquarters for official news, that the American forces are finding difficulty in advancing upon Santiago de Cuba. It is claimed that they followed the railroad track to Jaragua from the mines situated a short distance from the coast, between Siboney and Aguadores, but were unable to reach the later place in spite of the protection afforded by the fire of the warships.

The commander of the Spanish gunboat Ardilla reports that while reconnoitering on June 26 at Coloma, Punta Cortes and other places at Coyacla, he was informed that a strange steamer with one smoke-stack, apparently a warship, of 4,000 tons, was in sight. The stranger soon caught sight of the Ardilla and pursued her. The gunboat kept within blue sea and succeeded in keeping out of range of the guns of her pursuer. To the southeastward the stranger, which turned out to be an American ship, appeared to be in company with several other vessels.

The Ardilla made a reconnaisance on the following day, June 27, and discovered that the American ship had captured the sloops Nemesic, of Batabano, province of Havana, Amistad and Manuelita, of Coloma, province of Pinar del Rio, and the pilot boats Luz and Jacinto.

It is claimed that when the sloops were sighted the American ship hoisted the Spanish flag, which caused pilot Joaquin Fernandez, of the Luz, to hoist the Spanish flag, believing he had to do with a Spanish warship.

The pilot also approached the American vessel and did not find out his mistake until a blank shot, afterward loaded shells, were fired at the pilot boat.

The shells, it is claimed, exploded near her. The American ship by this time seemed to have driven the Spanish craft into a bunch, including the Luz, Jacinto, Amistad, Nemesis and Manuelita.

The latter, it is further alleged, let go their anchors and were abandoned by their crew, who made for the shore, going in the direction of Punta de Piedras, on the southwestern extremity of Pinar del Rio, between the Isle of Pines and the mainland.

The commander of Nemesia, with one of his crew, remained on board his sloop and was captured and taken on board the American ship.

Later he was set at liberty, after having been questioned regarding the Spanish fleet and the general situation of affairs.

The American ship is described as carrying one gun forward, another at her stern and four guns on each side. She is said to have been commanded by a "frigate captain" and to have "carried about 600 men with blue pants and red fringe," who said they were going to Cuba and afterward to Key West.

KILLED BY CYCLE RIDING.

Woman Weighing 114 Pounds Dies at Fort Scott, Kan.

FORT SCOTT, Kan., June 29.—Miss Arabella Bates, known over the United States for twenty years past as Miss Caddie Claire, the heaviest female bicycle trick rider in the world, died here last evening at the home of her niece, Mrs. J. F. Allen, from injuries induced by constant bicycle riding.

Miss Bates was forty-eight years old, measured five feet five inches and weighed 114 pounds. She has traveled through every state and territory in the United States with leading circuses and had been engaged with museums.

An immense crowd of people accepted the suggestion of THE SENTINEL and went to the south depot last evening to give the army recruits a hearty good-bye. Captain Hohnholz was at the depot and turned over the donations made for the Tampa boys.

(Copyright, 1898, by the Associated Press.)

AT THE FRONT ON THE RIO GUAMA, SECOND CROSSING, Tuesday, June 28, 4 a. m.—PER THE ASSOCIATED PRESS DISPATCH BOAT DAUNTLESS, via Port Antonia, Jamaica, Wednesday, June 29, 7 a. m., and Kingston, Jamaica, 9:30 a. m.—The preparations for a general advance of the American troops on Santiago de Cuba are being pushed steadily forward and troops of all branches of the services are being hurried to the front.

General Kent's division, consisting of the brigade of General Hawkins, Colonel Pearson and Colonel Worth, has joined General Lawton's division and with the cavalry division of General Wheeler and four batteries of light artillery, will now be strung out in the rear of General Lawton's division.

The front still rests on the second crossing of the Guama river, on the road to Santiago de Cuba, in the rear of the crest of the Sevilla hills, and a mile and a half back.

The brigade of General Bates, the Thirty-second Michigan regiment and a battalion of the Thirty-fourth Michigan regiment, which were landed yesterday by the auxiliary cruiser Yale, remain at Juragua or Siboney.

The delay in the general forward movement is due to the inability to get subsistence stores to the front rapidly enough.

The advance, it is said, will not be ordered until every man has three days' rations in his knapsack.

This, however, is impossible until the road is passable for wagon trains.

The pack trains can only convey one day's rations in a day.

The men constructing the bridge roads have the work almost completed, and this afternoon the first wagon train of four four-mule teams will go through. In two or three days more every man will have three days' rations in his knapsack, and as soon as that occurs the army will move upon the enemy.

The day has been utilized to a good advantage.

Although the Cubans affect to have a thorough knowledge of the country and the trails, nothing is taken for granted.

The whole country, front and flank, is being thoroughly reconnoitered and accurate maps have been made by the engineers. Much of the information thus obtained will be of inestimable value from a strategy point of view.

Last night General Mondenca, of General Lawton's staff, made a reconnoissance up to the very trenches of the enemy, their sentries talking on picket duty being plainly heard.

Corporal Dewey and nine sharpshooters from the Seventh infantry went out at dark last night, with one da's rations, toward the Spanish lines and they have not yet returned, but no fear is entertained for their safety.

It is believed they are lying in the bush waiting for night.

At daylight this morning Lieutenant Smith, of the Fourth infantry, with a detail of fifty men from the Seventh infantry, under Lieutenant Dearfoo, crossed the San Juan and went in a northeasterly direction as far as Cany, or El Gauney, as it is marked on the maps, without encountering any Spanish troops, and fifty men of Company A, Seventh regiment, under Captain Young, also made a reconnoisance in force.

The Spaniards have seemingly retired to their intrenchments, as no pickets or skirmishers were encountered.

General Lawton, General Wheeler and General Chaffee have had riders out beyond our advance posts several times.

Captain Wright, of General Bates's staff, today followed the line of the railroad running out of Juragua, towards Santiago de Cuba, to within two and one-half miles of the city. The road approaches within a mile and one-half of the front and can be utilized to bring up supplies and siege guns, the first of which were landed at Baiquiri this morning.

As soon as the remaining battalions of the Thirty-fourth Michigan and Eighth Massachusetts, which arrives on the Harvard tomorrow, and the six thousand reinforcements sent out from Tampa reach here, Aguadores, a town on the coast four miles west of Juragua and about the same distance east of the harbor entrance, will be taken.

MAKES RICH, RED BLOOD.

Kling's Ambrosia is a refreshing, wholesome, non-intoxicating beverage, absolutely pure and vouched for by leading physicians. It has a full hop flavor, containing all that is revitalizing, thirst quenching and nerve bracing, with none of the undesirable attributes of most so-called hop tonics and summer drinks.

Kling's Ambrosia

is without a peer. It's value may be summed up in these words:

Refined	Pure
Delicious	Wholesome
Invigorating	Refreshing
Sparkling	Bracing
Non-alcoholic	Non intoxicating
Nutritious	Healthful
Cheap	Inexpensive

WHEN A reliable clothing house, carrying the best stock in the city, offers Boys' Middy Suits, worth $1.00, for only $3.00, wisdom would dictate a purchase, wouldn't it?

WHEN You can buy at Sam, Pete & Max's for $2.00 all-wool, double breasted Suits, 8 to 15, which are selling otherwheres for $3.00, it would seem useless to waste time at other places, wouldn't it?

WHEN The mothers of boys who want to join the navy, and fight Spain, can buy their Suits here in sizes from 8 to 16, for only $1.00, going somewhere else and paying $5.00 for same Suit, it wouldn't seem good judgment, would it?

WHEN Negligee Shirts, which we sell in a variety of styles for only 50c, $1.00 and $1.50, are selling for more money elsewhere, you would seem negligent of your opportunities if you did not buy a few, wouldn't you?

WHEN Nobby Hats, in all styles—Derby's Fedoras, Crushes, Crushes, Crushers, Straws, etc., can be bought here for so little money, it would be foolish to go bare headed, wouldn't it?

WHEN You purchase at lower prices than others charge, goods of a higher grade, and have the truth told about every garment it seems like a sheer waste of time and money to trade anywhere but at Sam, Pete & Max, doesn't it?

A FAMOUS DISH.

With a New and Savory Flavor.

Chop beef, mutton or pork into a hash. Take of quantity of Grape-Nuts equal to half the amount of meat. Mix into the Grape-Nuts a raw egg and what milk it will take up.

Salt and pepper to taste.

Now thoroughly mix meat and all into a hash, form into patties like sausage and place in a hot skillet with only enough butter on bottom to prevent sticking. Place cover over the skillet and cook until done.

Put a little piece of butter on top of each patty if they tend to become dry, but do not use enough to make greasy.

Serve hot and you will discover that the meat has acquired a most savory flavor from the Grape-Nuts and at the same time it has been rendered easily digestible and the elements in the Grape-Nuts furnish most valuable nourishment for athletes as well as invalids. After Tomorrow People Must Put Up for the War.

Stamps Must be Placed on All Telegrams and Checks—Real Estate Agents Must Make Extra Charges.

Beginning Friday, July 1st, the people of Fort Wayne will begin in a direct way to pay the expenses of the present war with Spain. On that day every check issued must bear a two-cent stamp or the banks will not honor it. This stamp must be cancelled with the initials of the owners and date of cancellation must be imprinted on the stamp.

Real estate dealers and money lenders will be compelled to charge fifty cents extra for every instrument signed which calls for a consideration of $500 or less. An additional fifty cents must be charged for every additional $500.

Under a penalty of $10 no telegraph company shall accept for transmission any telegraph dispatch without the person sending such telegram attatch to it one adhesive stamp costing two cents. The law further provides that the person affixing the stamp shall write or stamp thereon the initials of his name and the date upon which the stamp shall be attached or used, so that the stamp may not again be used. The only telegrams exempt are market reports, service messages sent between offices of the company, government messages, and messages of officials of railways along their own lines. Persons who carry telegraph franks will be compelled to pay the tax.

The additional tax placed on beer, cigars and tobacco has already gone into effect and is being collected.

SANTIAGO DOOMED.

Shafter Says He Can Take the City Within Forty-Eight Hours.

NEWS OF BATTLE EXPECTED AT ANY TIME

WASHINGTON, June 29.—1:20 P. M.—General Shafter has just reported to General Miles that he can take Santiago in forty-eight hours, but indicates that the undertaking might involve considerable loss.

He is fully aware of the approach of Spanish reinforcements and it is believed here that he intends to take the town immediately and that news of a battle might be expected any time.

REINFORCEMENTS NEARING SANTIAGO.

WASHINGTON, D. C., June 29.—General Shafter has reported to the war department that Spanish troops numbering 8,000 with pack trains and cattle are advancing from Manzanillo and are now within fifty-four miles of Santiago.

SHAFTER REPORTS MARKING OF GRAVES.

WASHINGTON, D. C., June 28.—The war department has posted the following bulletin:

"Playa Del Este, June 28.—Hon. Russell A. Alger, Secretary of War, off Siboney, June 27.—The graves of the dead are marked so that there will be no mistake in identification. The health of command is reported to me by the surgeons as remarkable outside of the wounded. There are today less than 150 men sick. So far no wounded have died and but two died of disease since leaving Tampa. SHAFTER,
"Major General, Commanding."

The war department also gives out the following cable correspondence:

"War Department, Washington, June 25.—Major General Shafter, Commanding, etc.—The President directs me to send his thanks to you and your army for the gallant action of yesterday, which I gladly do.
"R. A. ALGER,
"Secretary of War."

"Baiquiri, Cuba, June 26.—Honorable Secretary of War, Washington.—Sincere thanks to the president for his congratulations.
"SHAFTER, Major General."

OFFICIAL REPORT FROM SAMPSON.

WASHINGTON, D. C., June 29.—The navy department today posted the following bulletin, giving a report from Admiral Sampson under date of June 22, off Santiago.

"On the morning of the 15th the batteries at the entrance of Santiago were subjected to a severe bombardment by the fleet.

"The firing was deliberate and, in general, most excellent. The batteries were quickly silenced.

"On the 16th the Texas, Marblehead and Ensenada destroyed the fort at Guantanamo. On the 16th the Yankee engaged a Spanish gunboat off Cienfuegos. On the 17th Lieutenant Harlow, with two steam launches, one under Cadet Powell and one under Cadet Hart, made an examination of Cabanas Bay.

"The launches were subjected to a heavy and continued fire at short range and were struck seventeen times, although no one was hurt.

"Lieutenant Harlow in his report particularly praises the conduct of Cadets Hart and Powell and Coxwains O'Donnel and Bloom.

"On the 19th General Garcia and his staff visited the flagship, having arrived that morning at General Blanco's camp at Accerraderos.

"My impressions of General Garcia are of the most pleasant character. He is a large, handsome man of most frank and engaging manners, and of most soldierly appearance.

"The fleet has with my directions furnished food, clothing and arms to the Cuban forces, both east and west of Santiago.

"Much has been done in this direction at Guantanamo by Commander McCalla, who has been most energetic for rendering them all the assistance possible.

"Great activity and courage has been shown by the Cubans at Guantanamo and Commander McCalla is most enlogistic in reference to their conduct. There are about 10,000 Cuban forces in this immediate vicinity.

"On the 20th the transports arrived and General Shafter and I paid a visit to General Garcia and staff. The progress of disembarkation was rendered difficult by heavy seas, the heaviest which we have had during the three weeks the fleet has been stationed here.

"By 3 o'clock in the afternoon, however, 4,000 men were ashore, and the work was proceeding with great rapidity.

"The pier was not injured and one of the steamers went alongside of it.

"The water supply was not injured. The Vesuvius has done almost nightly firing since she has been here, the explosion of the shells producing very great effect."

HONOR FOR HEROES.

Senate Passes Resolutions of Commendation.

Hobson and His Crew and a Number of Others Remembered for Great Gallantry.

WASHINGTON, D. C., June 29.—In accordance with the recommendations of the president, the senate at the beginning of its session today took action in recognition of the distinguished services rendered recently by officers and men of the navy and revenue cutter service.

Mr. Frye, of Maine, reported from the committee on commerce a joint resolution recognizing the gallantry of Frank H. Newcomb, commanding the revenue cutter Hudson, and of his officers and men also, retiring Captain Daniel B. Hogsdell of the revenue cutter service for efficient and meritorious services in command of the cutter Hugh McCulloch at Manila.

The resolution extends the thanks of congress to Lieutenant Newcomb for his heroic gallantry in the action at Cardenas, when he and his crew rescued the Winslow and such of her crew as had not been disabled or killed, and provides for a suitable medal of gold for Newcomb, silver medals for his officers and bronze medals for the members of his crew.

It also places Captain Hodgsdon, of the McCulloch, on permanent waiting orders as full duty pay.

The resolution was adopted without debate.

Mr. Hale, of Maine, of the naval committee, then reported favorably a resolution tendering the thanks of congress to Naval Constructor Hobson, who with his crew of seven men, sunk the collier Merrimac across the entrance to the harbor of Santiago de Cuba and providing for the issuance of Mr. Hobson from the construction corps of the navy to the line.

The resolution was also adopted.

After the resolution had been adopted, Mr. Hoar, addressing himself to the action just taken by the senate, said:

"All we do and all we have done for Naval Constructor Hobson, in recognition of his distinguished bravery, is to extend by mere thanks of congress. But in this case, where a deed of special heroism was performed, it seems to me that we ought to recognize the man who volunteered to accompany him on his perilous undertaking.

"All were undergoing the same risk and the names of the entire seven ought to be mentioned in the resolution. I would be glad to see this chamber filled with such heroes as those men are."

Mr. Hoar said that such recognition by congress was one of the greatest marks of honor that could be conferred upon any man or men.

TROOPS WITHDRAWN.

Strike Troubles in Oshkosh Nearing a Solution.

OSHKOSH, Wis., June 29.—With consent of the mayor and the sheriff, Governor Scofield has decided to withdraw the four companies of infantry numbering 300 men, leaving the light battery and light horse squadron to take care of the strike in connection with the 300 deputy sheriffs and special police already sworn in.

The efforts to settle the strike by compromise have resulted in failure owing to the firm refusal of manufacturers to treat with the strikers as union labor.

The strikers would apparently yield if the union were recognized and some small concessions in wages were allowed.

At a meeting of the Woodworkers' union today, the strike, as far as the McMillan mill is concerned, is declared off and 200 men will return to work today.

Its action will bring about a speedy settlement of the trouble in all the mills.

Mrs. A. Z. Fehlmann, of East Creighton avenue, entertained the members of the Violet club in a delightful manner on 5 o'clock tea last evening. The guest of honor was Miss Williams, who is the guest of Miss Emily Mack. The table decorations were sweet peas and pansies. The favors were violets.

PREPARING TO MOVE

Renewed Activity Manifested at Camp Thomas.

Twenty-Seven Regiments Expect to Leave.

Much Rivalry to be First in Complete Readiness.

The Y. M. C. A. Work is Growing in Camp and 1,000 Men Have Professed Religion.

CHICKAMAUGA, National Military Park, Tenn., June 29.—The order issued yesterday afternoon conveying the information that the entire first army corps would be sent to Cuba has doubled the activity at Camp Thomas. The work of completely equipping and arming the twenty-seven regiments is no insignificant task for the short time in which it must be accomplished, but the work is already in progress and the officials say it will be finished much sooner than is generally believed possible.

Everybody in the twenty-seven regiments, from colonels to privates, are hustling today and considerable effort to be the first in shape is in evidence.

It is believed that all order orders will be moving inside of two weeks. The western and Atlantic and southern railroad officials have received no orders from the war department to supply cars for the hauling of troops from Chickamauga Park to Tampa or some other southern seaport.

The only thing of this sort is a notice from the war department to the local Western and Atlantic officials stating that the troops would doubtless be moved south very soon and suggesting that they make preparations to furnish a large number of cars when the proper time arrived.

Brigadier-General Howard Carroll and Major Moore, representing the governor of New York, are in the New York camps inspecting the regiments.

They talked with the commissary officers and privates, and the result of their investigation so far is that they are thoroughly convinced that Uncle Sam is taking good care of his soldiers.

Colonel Wilder of the Fourteenth New York, has received permission for his regiment to engage in target practice soon as he can get his range in readiness, the men will begin what they have been eager for for many days.

Brigadier General White, formerly of Texas, has assumed command of the second brigade of the third division, first army corps, relieving Colonel Pew, commander of the Ninth Massachusetts.

When the new commander assumed formal charge of the brigade Colonel Pew returned to the Ninth Massachusetts, relieving Lieutenant Colonel Bailey.

According to orders received the Twelfth New York is restored to the second brigade of the third division, under command of General White.

This regiment was transferred to the second division so that it might be among the regiments to move under the orders received by the first division and first and second brigades of the first corps.

The entire corps now goes and the regiment can resume its old place.

The Y. M. C. A. has now twenty tents and over fifty men at work in Camp Thomas. The average daily attendance at each tent is over 1,000.

During the past week over 1,000 men have professed religion in the evangelistic meetings held by Rev. Torrey and other delegates.

MILITARY ORDERS.

WASHINGTON, June 29.—Several general orders issued by direction of Major General Miles were made public at the war department today.

A division commander may grant leave of absence for ten days, a corps department commander for one month, and the commanding general of the army for four months; or they may extend to such periods those granted by subordinate commanders.

Applications for leaves of more than four months' duration from officers of the staff corps and departments, desiring leaves of absence to pass beyond the territorial limits of their commands, will be forwarded to the adjutant general of the army for action of the secretary of war.

By direction of the secretary of war, ordnance officers are to report to the officer in charge of the non-commissioned staff and band, or company of musicians, of volunteer regiments, when they take the field upon the requisition of such officer, fifty revolvers, which will allow one for each regimental non-commissioned staff officer and one for each member of the regimental band.

For the medical department in the field the wheel transportation is to be one ambulance to 400 men of the effective force; one four-horse wagon to 600 men of the effective force, and one four-horse wagon to each brigade.

LOOKS [illegible]ANY.

Spain Expects [illegible] Come From the [illegible]r's Fleet.

GENERAL MERRITT SAILS FOR MANILA

MADRID, June 29.—10 a. m.—Dispatches received from Manila today under date of June 21 say the Spaniards are determined to fight to the death and that there is every reason to believe that when the American troops arrive desperate fighting will occur on land and sea.

It is supposed at Manila that the German warships will prevent the bombardment of that place, and it is alleged that Prince Henry of Prussia is on his way there on board a warship.

The Spaniards are said to be actively making preparations for the defence of the city.

General Aguinaldo, the insurgent leader, declares that the family of Captain General Augusti, who are prisoners in his hands, are at Pampanga and are well treated.

GENERAL MERRITT SAILS FOR MANILA.

SAN FRANCISCO, June 29.—The speedy steamer Newport, bearing Major General Wesley Merritt, military governor of the Philippines, and his staff, besides the Astor light battery and companies H and K, of the third United States artillery and detachments from the signal corps, is now on its way to Manila.

As the vessel gradually drew away from her dock today the blowing of many whistles told the people that General Merritt had taken his departure.

Great crowds had gathered to witness the departure of the vessels and many fashionable equipages on the dock told of the presence of the representatives of the four hundred, which had come to bid farewell to friends among the members of the Astor battery.

Many tug boats and yachts chartered for the occasion accompanied the Newport down the bay and out through the Golden Gate to the Pacific, where the last farewells were waved to the departing military men gathered on the deck of the steamer.

The Newport will make an effort to overtake the third fleet of transports, which sailed on Monday, after the fleet reaches Honolulu, where the vessels will coal and take on fresh supplies before proceeding to Manila.

General Merritt is very anxious to avoid an encounter with any vessel of the Spanish navy and will issue orders to the fleet at Honolulu to make all possible speed. It is probable that the Newport will not wait for the other vessels of the fleet at Honolulu, but will proceed with as little delay as possible to Manila.

PEOPLE OF MANILA LIVING IN TERROR.

MADRID, June 29.—The government has received the following dispatch from Captain General Augusti, dated Manila, June 29:

"The situation is still as grave. I continue to maintain my position inside the line of blockhouses, but the enemy is increasing in numbers, and the rebels occupy the provinces, which are surrounding.

"It is estimated that the insurgents number 30,000 armed with rifles and 100,000 armed with swords, etc.

"Aguinaldo has summoned me to surrender, but I have treated his proposals with disdain, for I am resolved to maintain the sovereignty of Spain and the honor of the flag to the last extremity.

"I have over 1,000 sick and 200 wounded.

"The citadel has been invaded by the suburban inhabitants, who are abandoning their houses owing to the barbarity of the rebels. These inhabitants constitute an embarrassment, aggravating the situation. In view of the bombardment, which, however, is not seriously apprehended for the moment.

"The governor of the Visayas and Mindanao islands cables that he has defeated the insurgents in an engagement, during which Chief Arco, Aguinaldo's representative, was killed. He adds that tranquility now prevails throughout these islands and he further asserts that the principal Malay chiefs of the Mindanao group declare they desire to fight on the side of the Spaniards against the invaders."

According to other advices the commissaries sent out to seek General Monet's column of 1,000 men returned after a fruitless search.

Captain General Augusti's family is still in the hands of the insurgents.

General Pena, with 1,000 soldiers, has surrendered. His soldiers, tired of them natives, joined the insurgents. A majority of the officers in the islands of Luzon have surrendered, owing to their lack of food, although some succeeded in escaping.

Numerous Spaniards, including the governors of Batagna, Laguna and Bulacan, have taken refuge at Cavite.

The rebels who are besieging Manila number 25,000 men.

The city is completely isolated and the arrival of the Spanish squadron is anxiously awaited, for the position of Manila is untenable.

Small rebel craft navigate the bay conveying prisoners to Cavite.

MERRITT'S PLANS FOR PHILIPPINES.

SAN FRANCISCO, June 29.—Major General Merritt expects to reach Manila by July 25 or August 1, at the very latest. Before his arrival, General Greene will have consulted with Admiral Dewey as to the advisability of making a joint attack on Manila.

General Merritt's installation as governor general will be attended with as little ceremony as possible. In his proclamation he will assure the people that their forms of worship and churches will not be interfered with.

This will be made clear, as will also the fact that property is not to be confiscated, in order to effect representations to the country which have been made by agents of Spain.

The general has requested the war department to appoint Major T. L. Rathbone as his personal representative in San Francisco.

STRIKE OF MINERS.

Men in Pennsylvania Quit Work Trouble is Feared.

CLEVELAND, Ohio, June 29.—A special from Sharon, Pa., says:

All the coal miners working at Jackson Center, Stoneboro and Sandy Lake have been induced by the strikers to quit work and join their ranks.

About 400 men came out yesterday. Tools and fixtures from Pittsburg will reach the men this week.

The force of strikers is now about doubled.

George Barlow, one of the deputy sheriffs, has been arrested and bound over on the charge of assaulting one of the strikers.

Further trouble is imminent. Several other deputies were sworn in today.

THE COURTS.

Dr. A. J. Boswell has filed his bond as treasurer of the school board with the following sureties: Frank Alderman, Edward White, John W. White, H. A. Keplinger, C. F. Centliver, William Moellering, Abraham Weil, R. C. Bell, M. G. Bell, Alexander, H. T. McDonald, R. L. Rose and T. B. Holstein.

Ella Burdick wants a divorce from Willard Burdick, on the grounds of cruelty. The complaint was penned by J. L. Hughes.

In the circuit court Nora A. Crawford was granted a divorce from Harvey Crawford. She was also given the custody of the children.

Henry Kuhl and Frank Boswell, who were last week arrested for burglary and bound over to the circuit court in the sum of $400, were taken before Judge O'Rourke yesterday on a bench warrant and their bonds increased to $500.

In the superior court Mary A. Gearhart applies for a divorce from William S. Gearhart. She asks for $2,000 alimony.

John Bixler and William Gorm were arrested by Sheriff Molching today, charged with having broken the windows in Kelmans's grocery, in Rockhill's addition, Sunday evening. They had a hearing before Justice Bellerman this afternoon.

James S. Darling was arrested for assault and battery on W. F. Angevine. He is having a hearing this afternoon.

Henry Westerman was fined $1 and costs and Herman Huelle $3 and costs by Squire Yancey for participating in a fight.

Fred Gelting was fined and costed in the sum of $25.50 for selling liquor at a picnic without a license.

Mary Hickory was fined $1 and costs by Squire Franco for committing an assault and battery on Mary Mosier.

Daniel E. Noll and Elizabeth P. Doermer.

William G. Dexter and Edith H. Ball.

Louis G. Neeb and Bertha M. Beuningin.

The fire hidden at No. 1 engine house this afternoon raised a handsome flag over the engine house. The boys cheered as the red, white and blue flung its folds to the breezes and hereafter "old glory" will float from the mast every day.

Peace Can Be Said to Be Deeply Alarmed by the Course of the War With Spain.

MADRID, June 29—9 A. M.—According to an announcement printed this morning the queen regent intends to immediately sign a decree providing for the formation at Cadiz of an auxiliary cruiser division, consisting of the Alfonso XIII, Joaquim Del Pelayo, Ciudad de Cadiz and Mutsaru.

POPE MUCH AFFECTED BY THE COURSE OF THE WAR.

ROME, June 29.—The pope is said to be much affected by the course of the Spanish-American war, and, in view of his age and nervous prostration for some time past, his entourage is anxious, although his physicians declare there is no cause for alarm.

HOW HAVANA VIEWS THE WAR'S PROGRESS.

(Copyrighted, 1898, by the Associated Press.)

HAVANA, June 29—Delayed by transmission—It is said at the palace of the captain-general here the headquarters for official news, that the American forces are finding difficulty in advancing upon Santiago de Cuba. It is claimed that they followed the railroad track to Juragua from the mines situated a short distance from the coast, between Siboney and Aguadores, but were unable to reach the latter place in spite of the protection afforded by the fire of the warships.

The commander of the Spanish gunboat Ardilla reports that while reconnoitering on June 26 at Cobana, Punta Cortes and other places at Cayaula, he was informed that a strange steamer with one smokestack, apparently a warship, of 4,000 tons, was in sight. The stranger soon caught sight of the Ardilla and pursued her. The gunboat kept within three sea and succeeded in keeping out of range of the guns of her pursuer. To the southeastward the stranger, which turned out to be an American ship, appeared to be in company with several other vessels.

The Ardilla made a reconnaissance on the following day, June 27, and discovered that the American ship had captured the sloops Nemesis, of Batabano, province of Havana, Amistad and Manuelita, of Colona, province of Pinar del Rio, and the pilot boats Luz and Jacinto.

It is claimed that when the sloops were sighted the American ship hoisted the Spanish flag, which caused pilot Joaquin Fernandez, of the Luz, to hoist the Spanish flag, believing the lead to do with a Spanish warship.

The pilot also approached the American vessel and did not find out his mistake until a blank shot, afterward loaded shells, were fired at the pilot boat.

The shells, it is claimed, exploded near her. The American ship by this time seemed to have driven the Spanish craft into a bunch, including the Luz, Jacinto, Amistad, Nemesis and Manuelita.

The latter, it is further alleged, let go their anchors and were abandoned by their crew, who made for the shore, going in the direction of Punta de Piedras, on the southwestern extremity of Pinar del Rio, between the Isle of Pines and the mainland.

The commander of Nemesis, with one of his crew, remained on board his sloop and was captured and taken on board the American ship.

Later he was set at liberty, after having been questioned regarding the Spanish fleet and the general situation of affairs.

The American ship is described as carrying one gun forward, another at her stern and four guns on each side. She is said to have been commanded by a "frigate captain" and to have "carried about 600 men with blue pants and red fringe," who said they were going to Cuba and afterward to Key West.

KILLED BY CYCLE RIDING.

Woman Weighing 114 Pounds Bleeds Fatally from Nose.

FORT SCOTT, Kan., June 29.—Miss Arabella Bates, known over the United States for twenty years past as Miss Cahlie Chirc, the heaviest female bicycle trick rider in the world, died here last evening at the home of her niece, Mrs. J. F. Allen, from injuries induced by constant bicycle riding.

Miss Bates was forty-eight years old, measured five feet five inches and weighed 414 pounds. She has traveled through every state and territory in the United States with leading circuses and had been engaged with museums.

An immense crowd of people accepted the suggestion of The Sentinel and went to the south depot last evening to give the army escorts a hearty good-bye. Captain Hohlohi was at the depot and formed over the donations made for the Tampa boys.

ARMY CREE[illegible]

Steady Advance [illegible] Force to A[illegible] Santiag[illegible]

ARTILLERY TO PLAY AN IM[illegible]

(Copyrighted, 1898, by the Associated Press.)

AT THE FRONT OF THE RIO GUAMA, SECOND CROSSING, Tuesday, June 28, 4 a. m.—(Per the Associated Press Dispatch Boat Dauntless, via Port Antonio, Jamaica, Wednesday, June 29, 7 a. m., and Kingston, Jamaica, 9:30 a. m.—The preparations for a general advance of the American troops on Santiago de Cuba are being pushed steadily forward and troops of all branches of the services are being hurried to the front.

General Kent's division, consisting of the brigade of General Hawkins, Colonel Pearson and Colonel Worth, has joined General Lawton's division and with the cavalry division of General Wheeler and four batteries of light artillery, will now be strung out in the rear of General Lawton's division.

The front still rests on the second crossing of the Guama river, on the road to Santiago de Cuba, in the rear of the crest of the Sevilla hills, and a mile and a half back.

The brigade of General Bates, the Thirty-second Michigan regiment and a battalion of the Thirty-fourth Michigan regiment, which were landed yesterday by the auxiliary cruiser Yale, remain at Juragua or Siboney.

The delay in the general forward movement is due to the inability to get subsistence stores to the front rapidly enough.

The advance, it is said, will not be ordered until every man has three days' rations in his knapsack.

This, however, is impossible until the road is passable for wagon trains.

The pack trains can only convey one day's rations in a day.

The men constructing the bridge roads have the work almost completed, and this afternoon the first wagon train of four four-mule teams will go through. In two or three days more every man will have three days' rations in his knapsack, and as soon as that occurs the army will move upon the enemy.

The day has been utilized to a good advantage.

Although the Cubans affect to have a thorough knowledge of the country and the trails, nothing is taken for granted.

The whole country, front and flank, is being thoroughly reconnoitered and accurate maps have been made by the engineers. Much of the information thus obtained will be of inestimable value from a strategy point of view.

Last night General Mondonen, of General Lawton's staff, made a reconnoissance up to the very trenches of the enemy, their sentries talking on picket duty being plainly heard.

Corporal Dewey and nine sharpshooters from the Seventh infantry went out at dark last night, with one day's rations, toward the Spanish lines and they have not yet returned, but no fear is entertained for their safety.

It is believed they are lying in the bush waiting for night.

At daylight this morning Lieutenant Smith, of the Fourth infantry, with a detail of fifty men from the Seventh infantry, under Lieutenant Darfee, crossed the San Juan and went in a northeasterly direction as far as Cany, or El Caunney, as it is marked on the maps, without encountering any Spanish troops, and fifty men of Company A, Seventh regiment, under Captain Young, also made a reconnoissance in force.

The Spaniards have seemingly retired to their intrenchments, as no pickets or skirmishers were encountered.

General Lawton, General Wheeler and General Chaffee have had riders out beyond our advance posts several times.

Captain Wright, of General Bates's staff, today followed the line of the railroad running out of Juragua, towards Santiago de Cuba, to within two and one-half miles of the city. The road approaches within a mile and one-half of the front and can be utilized to bring up supplies and siege guns, the first of which were landed at Baiquiri this morning.

As soon as the remaining battalions of the Thirty-fourth Michigan and Eighth Massachusetts, which arrives on the Harvard tomorrow, and the six thousand reinforcements sent out from Tampa reach here, Aguadores, a town on the coast four miles west of Juragua and about the same distance east of the harbor entrance, will be taken.

BECAUSE the war the battleship Texas was continually running into accidents. But ever since the war opened the Texas has been free from trouble, and has been the cause of uninterrupted accidents to the enemy. The work of this battleship in throwing steel at Santiago has been the admiration of the fleet. Texas always did show up well in a fight.

Those who have talked lightly of the fighting capacity of the Cubans are keeping still at present. The testimony of the American soldiers establishes Cuban bravery and efficiency. It is made clear that an assembled revolt of three years has not been sustained by non combatants. And the Cubans who are now assisting General Shafter have not seen the hardest fighting of the insurrection, which was done farther west in the provinces nearer Havana and in Pinar del Rio. Every revelation of the number of Spanish troops in Cuba is a new tribute to the valor of patriots who, unable to look for aid elsewhere, have kept armies in the field in the face of constantly renewed accessions of strength to their oppressors' forces.

A CHINESE writer in one of the publications of his own country has summed up the peculiarities of the American people in a paragraph, which is translated as follows: "They live months without eating a mouthful of rice; they eat bullocks and sheep in enormous quantities; they have to bathe frequently; the men dress all alike, and to judge from their appearance they are all coolies; neither are they ever to be seen carrying a fan or an umbrella, for they manifest their ignorant contempt for these insignia of a gentleman by leaving them entirely to women; none of them have finger-nails more than an eighth of an inch long; they eat meat with knives and prongs; they never enjoy themselves by sitting quietly on their ancestors' graves, but jump around and kick balls as if paid to do it, and they have no dignity, for they may be found walking with women."

Largest Float Ever Under One Command.

Admiral Sampson has the honor of commanding the largest and most formidable armada ever assembled under the command of an American officer. The flying squadron under Commodore [illegible] assigned to the North A[illegible]arleston bears Admiral Cod[illegible] bottled up in Santiago harbor, [illegible] making the fleet in Cuban waters one of which any officer might be proud, and it would take short work of what remains of the Spanish navy if they could be reached. The ships at Santiago are the first class battleships Indiana, Iowa, Massachusetts and Oregon; second class battleship Texas; armored cruisers New York and Brooklyn; unarmored cruisers Detroit, Montgomery, Marblehead and New Orleans; gunboats Castine, Annapolis, Helena and Bancroft; torpedo boats Dupont, Ericsson, Foote, Porter and Rodgers; dynamite cruiser Vesuvius, and revenue cutters, cruisers and tugs St. Paul, St. Louis, Scorpion, Suwanee, Osceola, Yankee, Dixie, Yosemite, Vixen, Wasp, Manning, Hornet, Wampatuck, Sterling, Mayflower, Tecumseh, Sioux and the dispatch boat Dolphin. The protected cruiser Cincinnati and Newark, the gunboat Marietta and the Yale and Harvard belong to this fleet, and have just joined it. Besides this magnificent navy rendezvoused at Santiago are the four powerful monitors Amphitrite, Miantonomah, Puritan and Terror, and the gunboat Nashville doing blockade duty at Havana. Scattered along the Cuban coast maintaining the blockade are the gunboats Vicksburg, Newport, Wheeling, Wilmington and Machias; torpedo boats Winslow and Stiletto, and revenue cutters, converted cruisers and vessels of all descriptions Uncas, Eagle, Resolute, Morrol, Hudson, Leyden, Lancaster, Castine, Hiaho, Armenia, Windom, Caesar, McLane, Dorothea, Fishhawk, Forn and Hawk.

WILL BE READY.

Preparations for the Fourth at Robison Park Progress Rapidly.

Work on the new theater at Robison park is progressing very rapidly and most of the new scenery is already in. It will be finished in a day or two, but will be absolutely ready for the Fourth and will be only one of the many new features which will surprise the visitor on that day. There never was a layout like that which will be presented at the park next Monday soon in Fort Wayne before. Every single attraction billed will be given just as advertised and there will be no disappointments of any kind. Every accommodation for the comfort of the immense crowd has been provided for and now nothing remains but for the people to come. That they will be on hand in force is indicated by the reports from every road running into the city, which show that in some localities, at least, Fort Wayne is the only place that can be found on the Fourth of July map. Cars will be run from the street car transfer corner every minute.

RINGLEADERS HANGED.

Punishment of Chief Mahomed and His Chiefs in the Andijan Massacre.

ST. PETERSBURG, June 29.—Chief Mahomed Ali Khalif and five other ringleaders of the attack recently made by 1,000 natives on a Russian post garrisoned by 300 infantry at the town of Andijan, province of Ferghana, Turkestan, when twenty of the soldiers were killed and eighteen others wounded, have been publicly hanged.

Chief Ischan had summoned his followers to take part in a holy war and the attack was made on the Russian garrison at the town of Andijan. After a temporary defeat, the soldiers rallied and succeeded in dispersing their assailants, killing eleven of them and capturing the ring leaders.

An imperial decree was subsequently issued in connection with the outbreak, depriving the governor of Ferghana of his office for allowing an insurgent uprising to take place in his province.

Now, all these things indicate Bright's disease, and
thousands of persons might have been saved had
they realized just what ailed them.

It is a strange thing that the most dangerous of
all known diseases should show the least
signs, and be the least suspected. Bright's
disease steals into the system like a thief and de-
stroys the life before the victim is aware. It is as
common as consumption and far more dangerous.
Thousands of persons who do not suspect that there
is anything the matter with their kidneys, go along
from day to day, while all the while the disease is
making fresh inroads into their bodies.

Now, there is only one way by which this fearful
disease can certainly be checked or cured. That is
by the use of the only discovery ever known for
Bright's disease—Warner's Safe Cure. It is not an
idle statement to say that this great remedy has
saved the lives of thousands of persons, for thous-
ands have so testified. Among the number is Mr.
O. H. Lincoln, living at 41 Grant Avenue, Medford,
Mass. He says:

"A number of years ago I became unaccountably
ill. I tried a dozen different doctors and still grew
worse. After taking enough doctor's medicines to sink
a ship, I became convinced that I had Bright's
disease and I knew what that meant. I pitched all
the medicines I had left out of doors and began the
use of Warner's Safe Cure. The first bottle brought
relief. I continued, gained 10 pounds in weight, kept
on improving and I am happy to say the great
remedy completely cured me. I am 59 years old
now and I enjoy as good health as any other man of
my age. I believe that if anybody has kidney trou-
ble, Warner's Safe Cure will cure him, and if that
will not, nothing will cure him this side of the
grave."

Reader, do not take chances with your health.
Your life and health are too serious matters to be
trifled with and there is no reason why you may not
have a long and happy life.

Bebb's Batting Was the Feature of the Game—Toledo Keeps Going Up—Youngstown Won—Notes.

Fort Wayne won the second game at Mansfield by better all-around playing, both in the field and at the bat. Reiman was also more effective than Beam, the latter being very wild. Bebb's batting was a feature of the game and had much to do with landing the Hoosiers on the big end of the score. The score:

Youngstown yesterday won its first game in eleven from New Castle.

The Fort Waynes return home tomorrow and play four games with Mansfield.

A lawn ice cream social will be given by the South Wayne base ball club at the corner of Broadway and DeWald street this evening. Good music will be furnished.

Mansfield News: "If some of the men on the Mansfield team don't want to play ball or quit drinking let 'em rest the balance of the season without pay. Thero's 'Peck' Sharp, who has been released by Detroit. He could play any old place in the infield."

Tom Hayes, captain and left fielder of the Crystals, entertained the club last evening at his home, on Melita street, in honor of his nineteenth birthday. He was the recipient of a handsome gold watch and chain, the gift of the club members. Cards and dancing formed the features of the entertainment, music being furnished by the Marmaduke orchestra. Several of the boys rendered songs.

THE TURF.

New Foundland Should Participate.

LONDON, June 29.—The premier of New Foundland, Sir James Winter, who has arrived here on a special mission, says, in an interview, that New Foundland should participate in any arrangement arrived at between the United States and Canada. In regard to the French claims in New Foundland, the premier says the colony desires a termination of the French treaties.

THE CITY COUNCIL.

A Stormy Meeting Was That Held Last Evening.

Members Talk Electric Light for Several Hours and Finally Determine in Favor of Competitive Bids.

The big topic of discussion at the council meeting last night was electric lighting. The discussion came up over the reports of the committee on street lights on the resolution of Councilman W. J. Hosey, which advocated an investigation into the cost of electric light and the resolution of Councilman Wheelock in favor of municipal ownership. On Councilman Hosey's resolution the longest debate occurred, participated in by Councilmen Wheelock, Schnitker, Bauer, Hagg and others.

The committee recommended that the entire matter be referred to the board of works with instructions for them to investigate the cost of lighting in cities the size of Fort Wayne and report back to the council in sixty days. Several amendments were introduced until the mayor finally lost his temper and ordered Councilmen Wheelock, Hagg and Peirson to take their seats. Mr. Wheelock was insistent, however, but finally yielded.

The motion to refer to the board of works was eventually adopted by a vote of 14 to 4, Councilmen Bahr, Hosey, Peirson and Wheelock voting in the negative. On the resolution for municipal ownership the committee reported that the city was now bonded for $200,000 in excess of the amount allowed by law and for this reason it was inadvisable for the city to attempt to purchase a plant. This report was adopted.

In concluding its report the committee says:

"The assessment valuation of the property of the city of Fort Wayne as reported by the assessors in 1898 was $22,363,000. That two (2) per cent of the assessed value thereof, would be $447,260. The city's bonded indebtedness at the present time is $673,600, or in other words, the bonded indebtedness of the city is now in excess of two (2) per cent, $226,340. This arises from the fact that the excess of indebtedness existed at the time that the constitutional prohibition was passed. The city at the present time has no surplus on hand, over and above that required to operate the city government until May 1st, 1899. To overcome the constitutional prohibition and financial conditions, of the city as herein set out, in order to purchase and own an electric plant, would require the making of such contracts, or the assessment of such taxes, as in the opinion of the committee, would not be justifiable under present conditions."

Just before adjournment a resolution was passed directing the board of public works to advertise for competitive bids to light the city in accordance with law. The vote was unanimous in favor of this proposition. The present contract holds until July, 1900.

The committee on annexation reported in favor of annexing property southwest of the city and recommended that action be deferred on the property south of the city. The report was concurred in.

The committee on rules, regulations and ordinances made a majority and minority report on the resolution to repeal the vehicle tax. The majority report was signed by Councilmen O'Ryan, Zurbuch and Buhr and the minority report was signed by Councilmen Bauer and Clark. The majority report was adopted by the following vote:

Yeas—Berkenstein, Buhr, Eckart, Gerding, Hayes, Hosey, Peirson, Schnitker, Wheelock, Zurbuch.

Nays—Bauer, Clark, Ehrman, Hagg, Lennart, McMahon and Scheid.

The committee also reported in favor of the noxious weed ordinance, the plumbers' ordinance and the ordinance compelling citizens to get a permit before digging trenches in the streets. The ordinances passed as did the one reported by the committee on finance in favor of appropriating $1,080 for police purposes. This will permit the board of safety to employ one detective and two more patrolmen.

Councilman Eckart introduced an ordinance providing for the destruction of old buildings and walls which were a menace to property, life and limb. Referred to committee on rules, regulations and ordinances.

Councilman Peirson introduced an ordinance which places a tax of $15 on street cars. The ordinance is in line with the vehicle ordinance and was referred to the committee on rules, regulations and ordinances.

Councilman Scheid introduced a resolution instructing the board of works to report to the council such action as they may have taken or decided to take in the matter of building a new sewer in place of the Clay street sewer, which has become a menace to health.

On motion of Councilman McMahon it was decided to meet once during the months of July, August and September, unless called together in special session by the mayor.

CARRIES A BULLET.

William Watson Tells a Strange Story.

Claims to Have Been Shot While Housebreaking in Fort Wayne.

William Watson is confined to the jail at Warsaw upon a charge of vagrancy preferred by Pennsylvania Detective Seymour. Watson is suspicioned of being a crook and the Warsaw authorities are holding him expecting to learn something of his past. He was in Fort Wayne last Monday, and upon representation of being sick, was furnished transportation to Warsaw by Trustee Schuester. The Pennsylvania detectives were suspicious of the man and Lieutenant Somers interviewed him. Watson said he had a bullet in his side and was going to Warsaw to have it removed by Dr. Hetrick. He said he received the wound by resisting robbery by tramps on the Lake Shore road, near Elkhart. Watson also told the lieutenant that the only friend he had in this part of the country was a man named Hudson, with whom he had traveled pretty near all over this country and who he left in Fort Wayne. Dr. Hetrick removed the bullet from the man's side last evening. From the appearance of the wound the doctor says he would judge it had been made a week or ten days ago. After the operation and while still partially under the influence of the ether, Watson became very communicative. He said he was alone while escaping from a house in the western part of Fort Wayne. He had entered the house, he said, for the purpose of robbery, but was detected and driven away before he accomplished his object. No attempt at robbery, such as described by Watson, has been reported at the police station, but such a thing might have occurred and the would-be victim failed to report it. The Pennsylvania railway police think the man is a crook of the most dangerous character and they will hold him until they make a thorough investigation.

The Only One Ever Found.

The New Dry Air Germicide for the Cure of Diseases in the Respiratory Organs.

NATURE'S OWN REMEDY.

By Inhalation Alone Can Germs Be Reached and Destroyed.

It has often been said by scientific and medical men that nature has provided a cure for every disease, an antidote for every poison. This saying was never so clearly exemplified as in the discovery of HYOMEI, the first Dry Air Germicide ever found of sufficient power to kill the germs of all respiratory diseases, yet so gentle enough to impregnate every particle of air breathed and leave it free from poisons. For years physicians have labored to find some cure for Catarrh, Bronchitis, Asthma and Consumption, and statistics show how rarely they have failed in their efforts. This has not been for the lack of a remedy which could kill the bacilli of disease, but due to the fact that such remedies could be used in no other way than through sprays, douches, atomizers and vapors, which precluded all possibility of their ever entering the bronchial tubes and lungs. What a contrast between these old methods and the new! Since HYOMEI was first discovered, this new germicide, which can be carried in the air you breathe to the minutest air cells of the lungs, has been tested by over 30,000 people, and, although every bottle has been guaranteed, but eleven persons out of this vast number have reported no benefit received and asked for a return of their money.

THE NEW LAW

Is Already Making Trouble for Freight Agents.

Every Bill of Lading Must Have a Two-Cent Stamp—News of the Shop and Mail.

Local agents have been engaged for a day or two in preparation for putting the new revenue law into effect. Beginning with next Friday, every way bill or bill of lading issued by an agent must bear a two cent revenue stamp. This looks like a small sum, but when we take into consideration the fact there are from 100 to 200 shipments each day from any one of our several freight houses, we are brought to a realization of the enormity of the tax as a whole. A conservative estimate of the amount the Fort Wayne freight houses will pay for revenue stamps is $3,000 per year. This expense must be borne by the railways, and it will make a considerable "hole" in the earnings. There are many 25 cent shipments. Each one will cost the company a two cent stamp, which is equivalent to a loss of 8 per cent.

STUDENTS VISIT THE ELECTRIC WORKS.

Last evening about twenty members of the Fort Wayne School of Electricity met at the works of the Fort Wayne Electric corporation where they visited the different departments and watched the many wonderful manifestations of electricity and magnetism as seen in the arc and incandescent systems of Mr. Wood.

It was the last meeting of the class for this term and was much enjoyed by the members and visitors in witnessing the practical operation of dynamos, motors, lamps, meters, voltmeters, amperemeters, transformers, etc. This visit is part of the instruction given each year by the Fort Wayne School of Electricity.

PEKIN BRAIN RAVES.

St. Louis, Mo., June 29.—Freight traffic managers of the lines south of the Ohio and east of the Mississippi rivers, chiefly composing the membership of the Southeastern Mississippi Valley association, have met here to effect a readjustment of grain rates on shipments to the southeast. The meeting also discussed the methods of applying the revenue stamps on bills of lading, dray tickets, etc. Southeastern lines take the same view as the eastern and western lines that the railroads must bear the expense of the stamp on the original bill of receipts, but that the shipper should pay for all duplicate receipts.

Arrangements are now under way for running an excursion over the Lake Erie and Western to Rushville September 5, the date of the first annual log rolling of the Modern Woodmen in Indiana. It is believed that a crowd of several hundred people can be raised here for an event of that kind if the company makes a satisfactory rate.

A large force was set at work yesterday in the building of the extension of the Lake Erie and Western from Akron, Ohio, east to New Castle, Pa., where it will connect with the extension westward of the Buffalo, Rochester and Pittsburg. The Lake Erie and Western, under the new survey, will have but eighty-five miles to build, and expects to complete it by December 1.

The use of electric locomotives for freight yard or general shifting purposes is becoming generally recognized. One of the latest examples of this class of service is afforded by the Arlington mills, Lawrence, Mass. Those mills have about two miles of track running from the main line of the Boston and Maine railroad, and spurs in the alleys between the different buildings. As formerly operated, a steam locomotive was routed from the railway, but this was both expensive and unsatisfactory, and an electric plant was installed.

IS EMBARRASSING.

Anglo-American Commission is Not Provident Per.

Solicits Calls to Appropriate Money Necessary for the Joint Meeting in Canada This Summer.

WASHINGTON, June 29.—The president is deeply concerned at the action of the senate appropriations committee in striking out of the sundry civil appropriation act the item appropriating $50,000 to defray the expenses of the joint commission to be held at Ottawa, Canada, this fall, to endeavor to effect a settlement of the many important questions at issue between the United States and Canada.

This commission had been arranged for by the secretary of state, acting under the direction of the president, in answer to what was believed by both of them to be an almost unanimous popular demand.

There were many questions pending between the two governments that contained possibilities of serious complications. Such for instance as the Alaskan boundary question which, on account of the extraordinary development of the Klondike country, had become a matter of the greatest importance.

Then there were questions connected with the great lake boundary, with the transit of goods in bond over Canadian and American territories and with the supply of bait to American fishermen.

The growing fraternal spirit between the United States on the one side and Canada and England on the other, seemed to make the time auspicious for an easy settlement of these and other questions that have long given trouble to the state department.

Therefore, as an outgrowth of the Behring Sea negotiations, there was an exchange of notes between the United States and Canada through the medium of the British embassy here during the late winter and early spring that finally resulted in an agreement to appoint a joint commission to meet at Ottawa and endeavor to adjust these open issues. In arranging for this commission, the president was acting clearly within his constitutional powers as the action of the senate committee has been received with great surprise as indicating a clear purpose to interfere with the free exercise of the constitutional treaty-framing function by the president. It is not believed by the administration that the opposition to this commission manifested in the senate committee will prevail in the senate when attention is drawn to the facts.

The appropriation of the money for expenses does not in any way commit the senate to an approval of the treaty when it is submitted to it, but the president having so far advanced the negotiations as to permit the British side to name the personnel of the commission which will represent it, the department of state would be placed in a mortifying position if now prevented from carrying out its part of the agreement through the lack of a small appropriation.

Moreover, our exporting and other interests are particularly anxious for a successful outcome of these negotiations, which, among other things, will include preferential tariff rates for American produce and manufactures.

The British government has signified its approval of the plan for the commission to consider pending controversy between the United States and Canada, and to predicate treaty for their settlement.

Following this approval, an understanding has been reached that the commission will begin its session within the next few weeks, during the latter part of July, at Quebec. It is possible that the personnel of the commission will show some distinguished [illegible], as it is understood that [illegible] Herschel, one of the foremost [illegible] men and jurists of England, [illegible] be one of the commission of Great Britain.

Merritt's Alleged Sl[illegible] Colonies Position.

SAN FRANCISCO, June 29.—Mayor Phelan has written a letter in which he says that Major General Merritt did not speak the words attributed to him in responding to a toast at a private dinner given in his honor by Mr. Phelan.

General Merritt is reported to have said at this dinner: "I believe in the new national policy of the United States, which looks to the acquisition of additional territory, representing the outlying islands that are requisite for the development of national strength and growth."

Mayor Phelan says that neither those words nor sentiments were uttered by General Merritt. The dinner was a private affair at which there were no reporters, and General Merritt was misquoted in announcing the so called new national policy upon which, as a matter of fact, he did not dwell at all.

Hon. F. J. Hayden's men began cutting wheat in front of the Feeble minded institute this morning. Competent judges say this is the finest field of wheat in the county, if not in northern Indiana. It is worth paying ten cents street car fare to ride out and see it.

UTAH KIDNEY BEANS

The Great Kidney and Bladder Remedy.

A certain cure for Bright's Disease, Diabetes, Dropsy, Gravel, Bladder, Kidney Troubles, Inflammation of Kidneys or Bladder, Incontinence of Urine, Intoxication in a Sublimated Union, Resulting Often, Indirectly in Periodic Drunk and Dyspepsia, Liver Affections, Rheumatism, Impotency and Sterility, Pains in the Back, Irritation and Retention of the Bladder, Enfeeblement of the Heart, Pains under the Shoulder-Blades, Extreme Pains in the Loins, Sallow Complexion, Headache, Pimples on the Face, Blood Humors.

Measure of Liquid Kidney Remedies!

They contain Alcohol, Sick Kidneys should have the Red Globule Element Restored to the Blood. Utah Kidney Beans are solids; they are concentrated and act directly on the Kidneys.

Mrs. Roland Hall, an eminent clergyman of the United Church, residing at Williamsport, Tennessee, endorses Utah Kidney Beans for the benefit she received from using them. Rev. Mr. Hall has been in the ministry for over half a century. This good man would not endorse a medicine or anything else unless he knew it merited the kindness of a public. It was worthy. Hundreds of such endorsements given Utah Kidney Beans a standing. Ask the other kidney remedy in the country for. Mrs. Hall received great benefit from the use of Utah National Kidney Beans and can speak in the highest terms of them. They will not answer those kidney troubles out of which Bright's Disease and Diabetes usually originate, but will keep you well and make a medicine unnecessary. Utah Kidney Beans are solids; they are concentrated and act directly on the Kidneys.

WHEN The **MEN'S SUITS** We Sell At **$7.50, $10.00 AND $15.00**

Bring about $2.50 more a Suit at other clothing stores, it's pretty hard to figure out how you are going to make any money by buying them there.

Isn't It?

Life size portraits in Sepia or Pastel, free with purchase of $5.00 or over. Ask for coupons.

WHEN A reliable clothing house, carrying the best stock in the city, offers Boys' Midday Suits, worth $4.00, for only $3.00, wisdom would dictate purchase, wouldn't it?

WHEN You can buy at Sam, Pete & Max's for $2.00 all-wool, double breasted Suits, 8 to 15, which are selling otherwheres for $3.00, it would seem useless to waste time at other places, wouldn't it?

WHEN The mothers of boys who want to join the navy, and fight Spain, can buy their Suits here in sizes from 8 to 16, for only $4.00, going somewhereelse and paying $5.00 for same Suit, it wouldn't seem good judgment, would it?

WHEN Negligee Shirts, which we sell in a variety of styles for only 50c, $1.00 and $1.50, are selling for more money elsewhere, you would seem negligent of your opportunities if you did not buy a few, wouldn't you?

WHEN Nobby Hats, in all styles—Derby's Fedoras, Crushes, Crushes, Crushers, Straws, etc., can be bought here for so little money, it would be foolish to go bareheaded, wouldn't it?

WHEN You purchase at lower prices than others charge, goods of a higher grade, and have the truth told about every garment it seems like a sheer waste of time and money to trade anywhere but at Sam, Pete & Max, doesn't it?

In police court this morning three bicycle riders were fined and costed $2 apiece for riding their wheels after dark without lamps. Three train jumpers and two vagrants were sent to jail by the mayor.

The congregation of the Third Presbyterian church met last evening and decided to issue a call to Dr. J. A. W. McGraw, who preached in the church last Sunday. The vote was unanimous. The pastorate will commence September 1st.

A very pleasant fancy work party was given yesterday afternoon by Mrs. E. G. Anderson in compliment to Mrs. Stephen A. Northrop, of Kansas City. The national colors were used in decorating the rooms and scarf pins in the form of American flags were the favors.

Misses Ola D. Fleming and Eloise Sorgen, Mr. and Mrs. Cedric E. Johnson and Paul Strong, of Kenton, Ohio, arrived in Fort Wayne last evening on their wheels and spent the night at the New Aveline. The party are en route to Ligonier, where they will visit a week or two.

The Queens of Our Realm gave a picnic at Robison park last evening in honor of visiting young ladies and the gentlemen friends of the club members. The out of town guests were Miss Anna Glenn, of Huntington, who is visiting Miss Carrie Glenn; Miss Beulah Thompson, of Wabash, who is visiting Miss Marie McLain, and Miss Laura Northrop, of Kansas City, the guest of Myrtle Long.

A FAMOUS DISH.

With a New and Savory Flavor.

Chop beef, mutton or pork into a hash. Take of quantity of Grape-Nuts equal to half the amount of meat. Mix into the Grape-Nuts a raw egg and what milk it will take up.

Salt and pepper to taste.

Now thoroughly mix meat and all into a hash, form into patties like sausage and place in a hot skillet with only enough butter on bottom to prevent sticking. Place cover over the skillet and cook until done.

Put a little piece of butter on top of each patty if they tend to become dry, but do not use enough to make greasy.

Serve hot and you will discover that the meat has acquired a most savory flavor from the Grape-Nuts and at the same time it has been rendered easily digestible and the elements in the Grape-Nuts furnish most valuable nourishment for athletes as well as invalids. Made by the Postum Co., Battle Creek, Mich.

William Doxter arrived here this morning and at 4 o'clock this afternoon will be married to Miss Edith Ball at the home of Mrs. J. H. Wheeles, No. 177 Griffith street. Mr. and Mrs. Doxter will reside in Dayton.

There is strong objection to the policy of the board of safety in placing a patrol box at the southeast corner of Calhoun and Jefferson. St. Augustine's academy is located on the corner and as the only attendants there are little girls and young ladies it is not very appropriate that a drunken and probably blasphemous man should be hauled before them for exhibition every few days.

THE WAR TAX.

After Tomorrow People Must Put Up for the War.

Stamps Must be Placed on All Telegrams and Checks—Real Estate Agents Must Make Extra Charges.

Beginning Friday, July 1st, the people of Fort Wayne will begin in a direct way to pay the expenses of the present war with Spain. On that day every check issued must bear a two-cent stamp or the banks will not honor it. This stamp must be cancelled with the initials of the owners and date of cancellation must be imprinted on the stamp.

Real estate dealers and money lenders will be compelled to charge fifty cents extra for every instrument signed which calls for a consideration of $500 or less. An additional fifty cents must be charged for every additional $500.

Under a penalty of $10 no telegraph company shall accept for transmission any telegraph dispatch without the person sending such telegram attatch to it one adhesive stamp costing two cents. The law further provides that the person affixing the stamp shall write or stamp thereon the initials of his name and the date upon which the stamp shall be attached or used, so that the stamp may not again be used. The only telegrams exempt are market reports, service messages sent between offices of the company, government messages, and messages of officials of railways along their own lines. Persons who carry telegraph franks will be compelled to pay the tax.

The additional tax placed on beer, cigars and tobacco has already gone into effect and is being collected.

SCRATCHED CONSTANTLY
Baby Badly Afflicted with Eczema. Medical Treatment Failed. Cured by Cuticura.
My niece's little baby was terribly afflicted with eczema. Her face, so beautiful before, was one solid scab. Her body was also badly affected. She constantly scratched and tore the scabs off, and the poor child would be in agony for hours. Her mother would bathe her with warm water and castile soap, and then apply Cuticura Ointment freely, and cover her face and body with Cuticura Soap cloths. She would not scratch while under the influence of the Cuticura, and would fall into a sweet sleep. She was entirely cured in a few weeks. Mrs. Lucy Bowers, Bowersville, Ga., Aug. 15, 1898.

DRAWING HIS LINES.

General Shafter Now in the Front of His Moving Forces.

AMERICANS ADVANCE, SPANISH RETREAT.

New York, June 30.—A dispatch from Cape Haytien, Hayti, today to the Journal, says:

A furious cannonading was heard this morning in the Windward passage, off Mole St. Nicholas. It is still continuing.

GENERRL SHAFTER GOES INTO CAMP.

(Copyright, 1898, by the Associated Press.)

Camp Juragua, Wednesday, June 29, 6 p. m., via Kingston, Jamaica, Thursday, June 30, 6:30 a. m.—Major General Shafter decided today to establish his headquarters in the field and he will occupy a tent tonight with General Wheeler until he decides upon a permanent location for his headquarters.

There is every indication that Juragua will come to be the headquarters for the army other than for the medical and commissary departments in two or three days.

A sufficient force to guard the place will be left here, probably from the volunteer force of six thousand men now coming from Tampa, and practically the entire fighting force will swing into Caney or Aguadores, making the base of operations before Santiago de Cuba at this place.

The railroad from here to Santiago is being rapidly pushed by the engineers and a large force of troops.

Its completion will greatly simplify the movement of supplies and the pack trains will have no more burdens work than transporting the food and ammunition from point to point at the front.

The siege guns were landed at Baiquiri last night and have started for this front.

ADVANCING—SPANIARDS RETREATING.

(Copyright, 1898, by the Associated Press.)

General Lawton's Headquarters, Five Miles East of Santiago de Cuba, Wednesday, June 29, 6 p. m., via Kingston, Jamaica, Thursday, June 30 —7 a. m.—The American troops spent yesterday in feeling for the enemy, otherwise engaging in reconnoissance. General Shafter in person, with a small escort, went almost to Caney, a small town five miles northeast of Santiago de Cuba, with which city it is connected by railroad.

Lieutenant Standing and a detail of Cubans and American sharp shooters occupied a small hill northwest of the American lines and looking directly down on both Caney and Santiago.

Caney now seems to hold only about 500 Spanish troops, the number reported by the Cuban scouts, in spite of the belief of the Americans at first that 3,000 Spaniards driven forward by our advance on Baiquiri and Juragua and all retreated on Caney and not on Santiago.

The small number of troops now at Caney indicates that the Spaniards have practically evacuated the place and this is believed to be the case.

Lieutenant Standing was not molested during his observation, though he passed through a camp which twenty-four hours previously had been occupied by a strong Spanish outpost.

Corporal Hucht, of company D, Seventh United States infantry, who, with seven men, was sent on outpost duty two miles from Santiago de Cuba yesterday morning and who was forgotten until the afternoon, was found by General Shafter and sent into camp.

The men considered the whole affair a good joke. They had repeatedly seen the Spaniards, who did not offer to molest them, and the Americans spent the day as if enjoying a picnic in the woods.

The corporal said that if he had with him sufficient force he could have brought in forty Spanish prisoners.

Several pacificos brought in by the American outposts profess to know little about what is transpiring in Santiago.

A detail of a company of the seventh regiment returned here last night in a state of great hilarity inquiring where they could corral a captured "pack train." In the cu[illegible] at the group of soldiers was the [illegible] train," a Spanish pony nearly deserted by a corporal as [illegible] as thick as a shingle and as [illegible] a lath." The prisoner has [illegible]ropolized by the men to carry [illegible]captain's baggage.

[illegible] camp conditions continue [illegible]. Heavy rains yesterday set [illegible]ything afloat. Rations, however, are being served out more regularly; but they are still not plentiful. Officers and men fare alike. The latter are suffering during the cold nights from lack of the blankets thrown away on the march. These have been appropriated by the Cubans, who take everything in sight and do as little as possible. On the whole they actually fare better than our men.

The Americans officers generally expect a movement today to capture Caney, which is a short five miles northeast of Santiago. This, however, is not official.

Such a move may draw the Spaniards in force from Santiago, but in view of their previous retreats when our army had been seriously harrassed on the march, an aggressive move upon the part of the Spaniards is considered unlikely.

DIPLOMATS HAVE LEFT WASHINGTON.

Washington, June 30.—In diplomatic quarters it is stated that no steps have been taking thus far in the direction of peace overtures from any quarter and that it is not likely such overtures will come, either from one power or from a combination of powers, until the military situation unterrably changes by a decided victory or a decided defeat.

Just why this should be omitted is not clear, but it is none the less said to be an element which confronts any overtures for peace.

Most of the diplomatic representatives of powers likely to take part in peace overtures have left the city or are about to go for their summer vacations.

The Austrian minister is at New London, Conn., for the summer, and the French ambassador will soon leave for a trip in the Adirondacks and to Lake George and Lake Champlain.

The British ambassador was to have gone to Pequot, Conn., last Saturday, but delayed his start for a few days owing to a touch of rheumatism. The German ambassador will also leave before long. The Russian ambassador has gone to Bar Harbor, Maine.

This removes most of those who would be most directly active in any peace moves, and while they can readily return should circumstances develope to require their presence, yet their present absence is taken to indicate that there is nothing in the near future looking toward peace overtures or other foreign movements.

GOVERNOR OF PORTO RICO MAKES A KICK.

Madrid, June 30.—The governor of Porto Rico cables that it will be difficult to save the cargo of the Spanish steamer Antonio Lopez, which was run ashore at Santiago, near the entrance of the harbor of San Juan to Porto Rico, to escape the United States auxiliary cruisers St. Louis and St. Paul, which pursued her from landing a cargo of provisions and war material.

He explains his inability to save the steamer's cargo by the fact, as alleged, that an American cruiser is continuously firing upon the stranded vessel.

A cabinet council over which the queen regent presided was held today. The ministers decline to furnish any information beyond saying that they discussed the war.

ABOUT ANOTHER CALL FOR TROOPS.

Washington, June 30.—Senator Hawley, who called on the president this morning relative to military matters, stated positively that he had heard no suggestions of a third call for troops, as has been persistently rumored for several days. He is chairman of the senate committee on military affairs.

Another well known senator, however, who was with the president today and who is one of the president's close advisors, said he believed there would be a call very soon, but doubted if as large a number as 100,000 would be asked for. He thought that there could be no definite conclusion yet. He pointed out, however, that the war was assuming far larger proportions than had been expected and that undoubtedly sooner or later a large number of troops would be required.

W. J. Acker has returned from Big Rapids, Mich., where he attended the funeral of his brother, A. J. Acker, who was killed a few days ago at West Point, near Saginaw, while at work in a saw mill. The deceased was a prominent citizen of Big Rapids, and was fifty-seven years old and a member of the Masonic lodge.

CAMARA GETS COAL.

But It Comes From His Own Fuel Transports.

Egyptian Government Allows Him to Do That.

Earlier Orders Were Far More Stringent.

Late Dispatches Show That the Cadiz Fleet Has Not Yet Departed From Port Said.

Port Said, June 30.—2:10 p. m.—The Egyptian government this afternoon gave its sanction to the Spanish fleet coaling from its own transports, and the war ships are now engaged in the work of taking coal on board.

The Isla De Luzon, with a cargo of coal, has arrived here. The Egyptian government had previously prohibited the Spanish fleet from taking on board any more than coal enough to enable it to return to Spain.

CAMARA'S FLEET MUST LEAVE PORT SAID.

London, June 30.—It was learned this afternoon that the Egyptian government has decided to notify Admiral Camara that his fleet must leave Port Said, as it is violating neutrality.

SPANISH FLEET HAS NOT SAILED.

Port Said, June 30.—1:25 a. m.—The Spanish fleet under the command of Admiral Camara has not yet sailed. It is reported that he is awaiting the arrival of three colliers and that the admiral will leave his torpedo boats here.

THE PRESIDENT MUCH CONCERNED.

Washington, June 30.—The president expresses considerable concern over the German attitude at Manila and thinks that if the young emperor had some cautious advisor like Bismarck who knew enough to appreciate the limitations of German power and authority there would be little need for apprehension.

Germany's object, he said, evidently was not to bring about a protectorate there under the powers but to throw temptations and obstacles in the way of the United States so she might get interest in the controversy over the Islands.

Sailed From Boston Wednesday to Attend the Great International Sunday School Convention.

Boston, Mass., June 28, '98

On board steamer Catalonia, 9:30 p. m.—There are registered and on board this ship over 200 delegates to the world's Sunday school convention, together with a large company of school teachers going abroad for pleasure; also a special party from Dayton and another from Springfield. Indiana has eight representatives—C. D. Meigs and wife, Indianapolis; John Parks and wife, Plymouth; J. B. Spahaw, Wabash; a lady and gentleman from Peru, whose names I have not learned, and myself. The Catalonia, although an old English boat, is in good shape and a great many of the furnishings are new.

W. N. Hutchens, president of the Massachusetts Sunday School association, and Warren P. Landers, secretary of the executive committee, deserve praise for the splendid manner in which they have taken care of and provided for the delegates.

Wednesday, June 29, 8:30 a. m. the bells have rung, the whistles have blown and the tugs Vista and Emma Bradford are pulling us out from the docks. The Emma Bradford will cast us off as soon as we get out of the bay, owing to the fact as you are doubtless aware, that Boston harbor is planted with mines for the special reception of the Dons. The day is a beautiful one and we are sailing under very favorable circumstances. The people on the docks can yet be seen waving their handkerchief, a very large number being down to see us off. I will send this back by the pilot boat. Meigs sends kind regards to his many friends.

A. D. Craig.

At 6 o'clock last evening at the home of Mr. and Mrs. Henry Koons occurred the marriage of their daughter Ida to David Dalman. Mr. and Mrs. Dalman left at 8 o'clock for an extended tour through Kansas, Nebraska and Colorado. They will be at home to their friends after August 1.

Quarterly meeting services will be held at the Bethel church of the Evangelical association, corner Dover and Clinton streets, beginning Friday evening, July 1, at 8 o'clock. German preaching Saturday, at 8 o'clock. English preaching, Rev. D. S. Oakes, of Kendallville, will be present to lead the meetings.

GEN. WHEELER MAKES OFFICIAL REPORT.

(Copyrighted, 1898, by the Associated Press.)

Camp Juragua, Wednesday, June 29, via Kingston, Jamaica, June 30, 8 a. m.—General Wheeler's official report to Major General Shafter of what is known as the battle of Sibonay, is as follows:

"In camp, Juragua, June 28.—To the Adjutant General of the Fifth Army Corps.—Sir: I have the honor to report that, in obedience to the instructions of the major general commanding, given me in person on June 23, I proceeded to Sibonay, (Juraguisito). The enemy had evacuated the place at daylight that morning, taking a course towards Sevilla. A body of about one thousand Cubans had followed and engaged the enemy's rear guard. About nine of them were wounded.

"I rode out to the front and found the enemy had halted and established themselves at a point about three miles from Sibonay. At night the Cubans returned to the vicinity of the town. At 8 o'clock that evening, the 23d, General Young, reached Sibonay with eight troops of Colonel Wood's regiment, A, B, D, E, F, G, K and L, five hundred strong; troops A, B, G and K, First cavalry, in all 214 men, and troops A, B, E and I of the Tenth cavalry, in all 230 men, making the total force 384 men, which included nearly all of my command which had marched from Baiquiri, seven miles.

"With the assistance of General Castillo, a rough map of the country was prepared, and the position of the enemy was fully explained, and I determined to make an attack at daylight on the 24th.

"Colonel Wood's regiment was sent by General Young, accompanied by two of his staff officers, Lieutenants Tyrrel and W. H. Sandberg, jr., to approach the enemy on the left hand or more westerly road, while General Young, myself and about fifty troops of the First and Tenth cavalry, with three Hotnikka mountain guns, approached the enemy on the regular Sevilla road.

"General Young and myself examined the position of the enemy, the lines were deployed, and I directed him to open fire with the Hotchkiss guns. The enemy replied and the firing immediately became general. Colonel Wood had deployed his right, nearly reaching the left of the regulars. For an hour the fight was very warm, the enemy being very lavish in expenditure of ammunition, most of their firing being by volleys.

"Finally, the enemy gave way and retreated rapidly. We followed them over the line, keeping close upon them; but, our men being physically exhausted by both their exertions and the great heat, were incapable of maintaining the pursuit.

"I cannot speak too highly of the gallant and excellent conduct of the officers and men throughout my command. General Young deserves special commendation for his cool, deliberate and skillful management.

"I also specially noticed his acting adjutant general, Lieut. A. L. Mills, who, under General Young's direction, was at various parts of the line, acting with energy and cool courage.

"The imperative necessity of disembarking with promptitude had compelled me to leave most of my staff to hasten this important matter and unfortunately I only had with me Major W. D. Beach and Mr. Mesha, an acting volunteer aid, both of whom, during the engagement, rendered me duties. I am especially indebted to Major Beach for his cool and good judgment.

"Colonel Woods' regiment was on the extreme left of the line and too far distant for me to be a personal witness of the individual conduct of the officers and men, but the magnificent bravery shown by the regiment under the command of Colonel Woods justifies to his courage and skill and the energy and determination of his officers, which has been marked from the moment he reported to me at Tampa, and I have abundant evidence of his bravery and good conduct on the field, and I recommend him for the consideration of the government.

"I must rely upon his justice to his officers and desire personally to have said to the troops and officers of Colonel Wood's regiment and Lieutenant Colonel Roosevelt's regiment, that I [illegible] troops and officers [illegible] personally [illegible] good [illegible]

Capt. Thomas T. Knox and Lieut. George E. Brown. The last three were wounded.

"Major Bell, as he lay on the ground with a broken leg, said:

"I only regret I can't go with you further."

"Captain Knox, though severely gounded, continued as long as possible to exercise his command and insisted to me that he was not much hurt, and Lieutenant Brown also midnight of his wound to me and continued upon the line until he fainted. I recommend these officers for the favorable consideration of the government.

"I cannot state positively as to the size of the Spanish force which we engaged or the extent of their casualties, further than that the force was much greater than ours and that information I have would indicate that their killed and wounded very far exceeded the loss which our troops sustained, but our estimate on these points can only be verified when we have access to the reports of the Spanish commanders.

The engagement inspired our troops and must have had a bad effect upon the spirits of the Spanish soldiers. It also gave our army the beautiful and wildest country, in which we have established our encampments. It has also given us a full view of Santiago and the surrounding country, and has enabled us to reconnoitre close to the fortifications of that place.

"The casualties in the engagement were:

"First United States volunteer cavalry—Strength, 509; killed, eight; wounded, thirty-four.

"First United States regular cavalry—Strength, 210; killed, one; wounded, eight.

"Tenth United States regular cavalry—Strength, 220; killed, one; wounded, ten.

"Total—Strength, 951; killed, six-teen; wounded, fifty-two.

Respectfully submitted,

"Joseph Wheeler,

"Major-General United States Volunteers, commanding."

CRUISER BROOKLYN WAS NOT DAMAGED.

Washington, June 30.—No word has come to the navy department from Admiral Sampson making the slightest reference to the Spanish story of the sinking of the Brooklyn by a shell from the Santiago harbor defenses. As Admiral Sampson is within an hour or two's reach of the cable station and his orders would require him to report instantly on any such occurrence, the officials of the navy department have no hesitation in denouncing the story as a fabrication similar to that gotten out a week ago from Madrid describing the killing of Captain Evans. The reports received in the navy department of the collision between the Dolphin and the Newark are meagre, but indicate that it took place near Key West. The Dolphin smashed her stem, filling the forward compartment back to the collision bulkhead. She is now on her way to Norfolk to be docked and it is expected that about three weeks will be consumed in making repairs.

TROOPS TO BE PAID.

Preparations Completed at Camp Thomas.

Some Time Before Regiments Will Move.

Men Being Thoroughly and Rapidly Equipped.

Clothing Has Been Distributed and That Stores of Equipment are Reaching Camp.

Chickamauga, National Military Park, Tenn., June 30.—Preparations for the payment of all men at Camp Thomas were completed today. The companies were lined up and the rolls called.

Yesterday the first corps under orders for active field service received ten days' rations. The fact that the full amount of supplies issued as customary every ten days, is a very strong indication that the troops will not move before the expiration of that time.

Today there was a very large distribution of ordinance supplies.

Inside of three hours yesterday Captain Zalenski issued 10,000 blue army shirts, and 20,000 rubber ponchos and other supplies. Over 30,000 shelter tents have been turned over to the various regiments within two days.

Thirty car loads of supplies are now accessible Camp Thomas.

An official who is in a position to know states that the first corps is well equipped as to quartermasters' supplies. They have received all the tentage due, also shoes, underclothing and their extra trousers.

GENERAL MERRITT TAKES MUCH CASH.

San Francisco, June 30.—The Call says: "The steamer Newport, which has sailed with General Merritt for the Philippines, will bring up to the hearts of our troops in Manila, as it carries a large sum of money for the payment of the soldiers and the purchase of needed supplies. It is said that the steamer carries from one to two hundred thousand dollars in gold. It will be remembered that General Merritt, in addition to the money necessary for the use of the troops in the near future, asked the president for $100,000, to be used by him as an emergency fund at his discretion, and suggested that this money could be appropriated for such purpose. This $100,000 is probably included in the coin shipment on the Newport.

UNDER HIS HAT

Manager Heilbroner Had This Thing and the Wheels Went Round.

Several days ago this paper announced that Manager Heilbroner had something under his hat for the Fourth of July. Now it turns out that it was a "graphicsplorascon." It's pretty lucky that he took his hat off and let it escape. A fellow with one of them things concealed about his person should be looked after by the police. This particular graphi-ote, is one of the only two in the country and is the greatest of all projecting machines yet invented. Perpleetoscopes, vortiscopes and other scopes are now in it with this machine with the jaw-breaking name. It is operated by a combination of electric current, hydrogen gas and calcium, with colored shades to produce effects. The views embrace moving pictures, showing events of recent occurrence in the present war, some of them taken from actual photographs and others from sketches. There are also, views of all the cities and of the generals, commodores, admirals, etc., who are now in the public eye. There are over 500 views and the regulated only by the time the people will spend in looking at the pictures. This show will be given opposite the pavilion on the east side of the river, where everybody on the grounds can get a chance to look at it. Like all the other attractions at Robison park, it will be free.

LOCAL LINES.

Mrs. Overmeyer, matron of the Allen County Orphans' home, returned today from a month's visit with relatives and friends in Berne, Pa.

Ambrose Moore, of Indianapolis, is in the city. Mr. Moore is a prominent republican politician, and was at one time a member of the republican state central committee.

Frank Gibson received a telegram from Indianapolis this morning requesting him to come at once and take a supply of internal revenue stamps. He leaves this evening and will return some time tomorrow.

THE STORY IS DISC[illegible]

London, June 30.—The Star today says it has grounds for "believing the European powers will not consider Rear Admiral Dewey justified" in opposing a landing of foreign marines, "as Manila is still under Spanish rule."

Continuing, the Star remarks:

"A foreign correspondent assures us that the German occupation is already an accomplished fact."

Inquiries made on the subject show that the Star's story about the situation at Manila is utterly discredited here, and inquiries at the embassy show that the diplomats here have not heard of any such occurrence as the landing of German forces at or near Manila.

SPANISH VESSELS GO TO PORTO RICO.

London, June 30.—According to a special dispatch from Madrid the Spanish trans-Atlantic steamers Isla De Luzon, Ignacio De Loyola and San Augustine have left Cadiz for Porto Rico on an important mission, carrying large quantities of stores, coal and ammunition.

LISBON HEARS A BIG LIVE RUMOR.

Lisbon, June 30.—It is rumored that four American war vessels are on their way to this city.

SALISBURY GIVES WARNING TO GERMANY.

London, June 30.—It is said that there is no doubt the marquis of Salisbury's speech of last night was intended as a hint to the powers that Great Britain is in sympathy with the United States and it is intimated it was called forth by Germany's alleged attitude in the Philippine question.

DIRECT CONNUNCATION WITH GENERAL SHAFTER

Washington, June 30.—The war department received the welcome information today that a military telegraph station has been established at Sevilla in the center of the present military operations, and that this has run to a point near Aguadores, where it connected with the French cable line, thus bringing General Shafter into direct communication with the war department.

General Greely received a dispatch today to this effect at 10:50 o'clock from Lieutenant Colonel Allen, who has charge of telegraphic and cable operations.

The information was conveyed to the secretary of war and General Miles, and gave much satisfaction, as it accomplishes an end long sought and difficult to accomplish.

The work has been done by Colonel Allen, assisted by Major Greene, of General Shafter's staff. The shore point, at which the military line connects with the French cable company, will be advanced to Aguadores as soon as that town is taken. It is now held by the Spanish forces, but the purpose is to have the warships shell it, after which it will be occupied as a shore base.

Beyond this the war department has received little news from General Shafter's headquarters in addition to the important reports received from him yesterday.

In fact nothing but the natural assault remains to be reported after the significant statement made by General Shafter to General Miles that he expected to take Santiago as soon as he got ready to move, without waiting for reinforcements.

The substance of this dispatch was made known yesterday, but the actual text of it can now be given.

It was in reply to General Miles' dispatch of the 25th, saying:

"Congratulations on success attained thus far. Regret most deeply to hear of loss of your brave men. Cable what you desire for your command."

General Shafter's reply was prompt[illegible] to acknowledge the congratulation, but took occasion in doing this briefly, but to the point, to state his plans in the following words:

"Expect to take the place as soon as I get ready to move. Reinforcements will not reach me."

The dispatch in full is as follows:

Army Christian Commission of Y. M. C. A.—Encouraging reports come from the work of the Army Christian Commission of the Young Men's Christian Association. With 250,000 soldiers in the field, the demand made is greatly increased. Experience has shown that at the larger camps there must be a tent and secretaries for each brigade of three regiments to meet the soldiers' needs.

Mr. D. L. Moody, evangelist, a member of the Army Commission, takes charge of the evangelistic work in the United States camps. He is profoundly impressed with its importance. He says, "probably a large number of these young men will not return to their homes, and this is the one opportunity to lead them to accept Jesus Christ as their Saviour."

General O. O. Howard, another member of the commission, has been holding services at Tampa, Mobile and Chickamauga. He is an earnest gospel speaker, and his empty sleeve is a sermon to sol-

die... Major P. W. Whittle, th... evangelist, who was on General Howard's staff during our civil war, also a member of the commission, is holding meetings at Chickamauga. Rev. A. J. Dixon, D. D., of Brooklyn, spent three weeks at Tampa, and the soldiers in large numbers came to hear him. Mr. Sankey has been conducting daily meetings at Tampa and Chickamauga and crowds have attended them. Mr. Moody will send other good men as the movement calls for them, and will engage in it himself as other appointments permit. Army chaplains have the use of the tents and the secretaries to co-operate with them in their work.

The commission is the distributing center for religious and other literature, which is being forwarded to it by other societies. Mr. Sankey has gotten up a new soldiers' hymn book and 25,000 copies have gone to the camps. Three hundred thousand sheets of letter paper, and as many envelopes, with the imprint of the army camps and a flag, furnished by the commission, have been given to the soldiers. Fifty thousand medical rules for camp life prepared by Surgeon General Sternberg, of the United States army, have been issued by the commission and are being distributed in all the camps. By the courtesy of the American Bible society the commission has sent 10,000 testaments this week in Tampa for distribution.

Col. J. J. McCook, Gen. James A. Beaver and Hon. J. W. Foster, members of the commission, recently visited the president and secretary of war and asked permission to send secretaries and tents to Cuba, Porto Rico and the Philippines. The request was favorably received and two experienced secretaries, with tents and complete outfits, accompany General Merritt to Manilla.

Stamps Needed Tomorrow.

The war-stamp taxes go into effect tomorrow and on and after that date all bank checks, bills of exchange, telegraph messages and many other documents specified in the schedules of the war revenue law must bear revenue stamps. stood that all the kicks come from the new recruits, for that is exactly a fact. A few of our men are still kicking once in a while and these have been dubbed "fake kickers," but of course kicks do not have much effect.

The present cooking detail, which is of the best we have had yet, in charge of Adolph Redelsheimer, manager and Fred Sovics, chief cook, with Frank Kinsey, William Potter and Del. Bowser, assistant cooks. This detail is not only neat and clean with everything about the kitchen, but they are preparing and serving the food in good order and are now giving satisfactory service. This detail as it is now organized has been in the kitchen longer than any other we have had. A study of the following sample bill of fare will show that the food furnished the boys here is all plain and wholesome.

SUNDAY.

Breakfast—Bacon, boiled potatoes with lima...ans, fresh soft bread and good coffee.

Dinner—Chicken stew, beef steak with brown gravy, boiled potatoes with hides off, fresh soft bread, pickles and coffee.

Supper—Beef broth, boiled potatoes with hides off, fresh soft bread and coffee.

It might be said in explanation that the only extra the boys had for Sunday was the chicken stew. Otherwise the bill of fare is just about the same as any other day.

If the boys would confine themselves to eating and drinking only what the government issues to them they would be just as well off, and perhaps in some cases better off all around. This should not be understood, however, to discourage the sending of boxes of good things from home, for they are always welcomed by the boys receiving them, and judging from the way in which your correspondent has been treated by some of the fortunate fellows who have received large boxes from home, it is to be hoped that this may not be misunderstood.

A very amusing, though sometimes unkind, trick of the mess sergeant, is to form the line for mess and after the men have gone through a foot ball scramble for a good piece near the head of the line, face the column to the rear and march it off to the mess tent with the boys who were last to fall in leading the column. This causes fun for some of the boys and a good disappointment for others.

The friends at home have doubtless learned through the telegraph columns of THE SENTINEL of the orders received at this camp for the moving of some of the troops. The orders were received yesterday morning and we could hear off in the distant part of the park the shouts and cheers of the different companies as their orders were read to them. The boys one there were doubtless very glad to receive orders to move, if one may judge from the racket they made, but our boys say the racket they will make when orders to move are received will certainly eclipse the yell of a regiment of Comanche Indians. While our boys do not expect to see Cuba for some time, if at all, they are anxiously waiting for any old orders, just so they are orders to move. "Vat ve vant iss orders."

Sergeant John Caston, who was the popular chief of the second section, known among the boys as the Irish section, has been appointed saddler for the company. It was only after much persuasion by Captain Ranke that Sergeant Caston was induced to accept the appointment. This appointment not only carry with it as high a rank as Sergeant Caston has been carrying for a long time, but the salary is the same. It was only because of the impossibility of securing a saddler at Fort Wayne and the immediate need of one in our company that Sergeant Caston accepted. The boys of the second section dislike very much to lose their chief, but under the circumstances they have consented.

There are now three vacancies in the sergeants' rank and the boys are doing a good deal of guessing as to who the fortunate ones will be to receive the appointments. Captain Ranke has heretofore always shown impartial judgement in the selection and appointment of his non-commissioned officers, and the boys all understand that only those who are capable and deserving will receive any appointment.

NOTES.

Sergt. Clyde Snowberger received a box of good things from home and some of the boys are smoking cigars with the compliments of Clyde.

When THE SENTINEL man asked Harvey Banks "What's new?" Banks replied: "I am on duty sawing and splitting wood for the officers, and that's something new for me."

The news of the marriage of our friend and former member of the Zollinger battery, Martin Stock, has reached camp and the older battery boys especially wish in this way to extend congratulations.

A good rain yesterday laid the dust and helped to make the weather here more agreeable, and while the sun pours down into the camp in all its power, there is a cool breeze stirring which makes our camp life quite pleasant today.

News has been received in camp that all canteens must close up by June 30th and that no peddlers will be allowed in camp after that date. Part of this news is accepted with pleasure by most of the boys, but the peddler matter is not so well received, as the peddlers often have useful articles for sale, such as writing paper, envelopes, etc.

Without a doubt Private Charles Scott has received the prize box, or rather boxes, of the camp. His boxes contained several large cakes, a couple of dozen cans of fruit, a corpus of large... meat and several other articles. He says he thinks there must have been a pound party or something of that sort held at his home, in which all his friends participated freely.

While eating dinner today and joining in heartily with the joys of the soldiers all around him, Private John Furste was made sad in heart by the receipt of a telegram announcing the death of his sister, Mary. As the tears came to John's eyes the boys saw at once that it was sad news to him and immediately there was a silence among the crowd of soldiers friends who just a minutes before laughing and enjoying their mid-day meal. He left for home as soon as he could get the proper papers. The battery boys wish in this way to extend to John and the bereaved family their sympathy in this sad affliction.

Yesterday a touring party, consisting of Mrs. Frank Alderman and daughter, Miss Dolly, and the Misses Maud and Ethel Jamison, of Fort Wayne, and Mrs. O. S. Hurlbut and two children, of Lookout mountain, accompanied by Captain Ranke, Lieuts. Frank Alderman and Will Cleary, Sergt. Harry Alderman and Corp. George Depuer, went out in two large army wagons, each drawn by two teams of fine looking mules. The party started for a drive to Lookout mountain, but when about four miles from camp they were caught in a rain storm and were obliged to seek shelter. After the storm passed the trip to Lookout mountain was abandoned and the party made a tour of the territory surrounding Chickamauga park, enjoying the trip immensely.

A NEW HOSPITAL.

A Place to Treat Contagious Diseases May be Erected.

Mayor Scherer Discusses the Idea With the Board of Health—Plans Outlined—City Notes.

The board of health is progressing rapidly in efforts to protect the health of the city and especially in its contest against contagious diseases. Yesterday afternoon Mayor Scherer and City Attorney Shoaf...ugh met with the members of the board and discussed the idea of building a contagious hospital. Comptroller Bergholt informed the mayor and board that there was not an extremely large amount of money in the city treasury, but there was a sentiment expressed that the council might make an appropriation for the purpose of building such a hospital. The estimate cost of such a hospital is between $2,500 and $5,000, and it would be used for the treatment of all kinds of contagious diseases, including diphtheria and scarlet fever. In many instances hardship is worked on railroaders and laborers by quarantining them, while, if a contagious hospital was in existence, the sick member of a family could be taken there for treatment without quarantining the balance of the family.

Mayor Scherer is favorably impressed with the idea and this morning instructed Dr. Miller, of the board of health, to call on local architects and ask them to submit plans for such a hospital. The physicians of the city are a unit in support of the idea and no doubt such a hospital would be appreciated by the people in cases of epidemic.

THE NEW OFFICERS.

Superintendent Gerstine has decided to divide the two new officers between the day and the night forces. The oldest night man will be permitted to go on day duty and the two new men will be placed on the night force. James Smith will report for duty Saturday evening and Daniel Bloom will report Monday evening. Captain Bergman takes charge of the night force tomorrow evening. He will receive a hearty welcome from the officers with whom he was associated for so long.

WILL ENFORCE LAW.

When questioned this morning Superintendent Gerstine said that the order to saloonkeepers to obey the Nicholson law was not a bluff. There had been complaints that some of them were violating the instructions and these men had been notified to expose their bars during prescribed hours or there would follow several arrests.

CITY HALL NOTES.

John G. Noll has resigned as deputy comptroller and accepted the position of bookkeeper at the Bergholt brewery.

Contractor Gnelich has completed the grading and concreting of East Creighton avenue, Suttenfield street and a portion of Harrison street, and expects to commence laying asphalt next Tuesday morning. He would have commenced yesterday but not some of his machinery broken down.

Cora May, an employe of the New Avelina, was taken quite ill yesterday and last evening was removed to Hope hospital. Her condition is not considered dangerous.

The Ladies' Catholic Benevolent association will meet this evening and it is desired that there shall be a large attendance as business of importance is to be discussed.

The general committee in charge of the street fair arrangements will meet this evening at 8 o'clock at the Randall hotel. Soliciting committees will report progress, and all are requested to be present. The committee on headquarters has secured a room in the Kane block, next to the Seavey store, on West Main street, and as soon as it can be fitted up all meetings will be held there.

A meeting of the executive committee of the Hebrew Benevolent society and the council of Jewish women was held yesterday afternoon at the home of Mrs. Louis Frankel. The ladies discussed ways and means of helping soldiers and sailors or their families. The following committee was appointed; Mesdames Max Fisher, Charles Falk, Simon Freiburger, Louis Frankel, Aaron Rothschild and Mrs. Ida Rothschild.

Mrs. R. T. McDonald has presented to the monument committee of Monmouth 51, Union Veteran Legion, a splendid silk flag, fifteen feet long by seven and one-half feet wide. The flag will be raised on the staff of the soldiers' monument at Northside park, at break of day on July 4th. The unfurling of the flag will be the occasion of an early morning demonstration by the veterans, and will be one of the most significant events of Independence day.

The local lodges of Modern Woodmen are preparing to run an excursion to Rushville, Ind., September 5, on the occasion of the state log-rolling and picnic of the Indiana lodges of Woodmen. It is the intention of the Fort Wayne lodges to invite members of lodges in near-by cities to go with them. An effort will be made to have the next log rolling held in Fort Wayne. The one at Rushville is the first ever held in Indiana and promises to be a most enjoyable affair.

The Nickel Plate employes have purchased a twelve foot storm flag to be floated from the flag staff in the yards. The magnificent big flag will be hoisted only on special occasions, such as local holidays, receipt of American victories in the war with Spain, etc.

N. Wrakley, Big Four agent at Thornton, Ind., has filed that position for thirty five years and by dint of good management and economy, has accumulated considerable wealth. Last week he became still more wealthy by acquiring a $30,000 estate left by his deceased brother.

Frank E. Brown is making his final tour of this territory as traveling freight agent of the Hocking Tunnel line. Tomorrow he becomes the company's agent at Kansas City, a very nice promotion. W. H. Partridge, who represented the line at Indianapolis, succeeds Mr. Brown as traveling freight agent.

William Cape, of Kansas City, is circulating among old time friends in Fort Wayne. Mrs. Cape has been here for a month, visiting her mother, brothers and sisters, and Mr. Cape arrived here last night to spend the Fourth and accompany his wife home. Mr. Cape is engaged in the manufacture of canvassing and printing machinery in Kansas City.

Harry Hayes, for several years employed as a machinist and millwright by the Bass work, was made only several hours yesterday. He is in poor health and for the past year has been at Richmond, Ind., with his parents. He is now on route to Denver, Col., where he hopes the change will restore him to health.

A pretty wedding occurred Tuesday morning at 7 o'clock at St. Mary's church, when Miss Blanche Schenk became the bride of Joseph Schwartz. The happy people are residents of Arnsburg street, where they will immediately reside. They have a host of friends, who tender congratulations as they start out on

LOCAL NEWS.

Judge Dawson today rendered judgment for $200 against Levy C. Small in favor of Miranda A. Grover.

Miss Myrtle Turner, of Grand Rapids, Mich., will be the guest of her aunt, Miss Bessie Hassler, over the Fourth. Miss Elizabeth Troutman, of Logansport, Ind., will also visit with Miss Hassler.

Chris. Bergman has succeeded his brother, William, in the management of the Brown Trucking company, and assumed his duties this morning. He has been in St. Louis for some years past.

Stephen Stutesman will leave tomorrow for Missouri. With a party of friends Steve will go down the Mississippi to Memphis and there hill a few wild animals and catch some little fish.

The eight-year-old son of Mr. Haffner, who resides at No 29 East DeWald street, fell from a spring board yesterday afternoon and dislocated his arm. Dr. William Ruhl reduced the fracture.

Mrs W. F. Watterson and son Harry and Mrs. Rinsell, of West Main street, left last evening for Piqua, Ohio, where they will visit relatives a week or two. Mrs. Rinsell is Mrs. Watterson's mother.

Prof. Will an Miles read a paper entitled "The Superintendent Teacher" at the annual convention of the Indiana Music Teachers' association yesterday at Lafayette. The paper was received as an able and very interesting production.

Royal Templars of Temperance at their meeting tomorrow evening, will initiate four applicants and install their officers elected for the ensuing term, after which a banquet will follow. All members are requested to be present, as business of importance will come before the council.

A special train from Boston carrying seventy-five delegates to a Congregational convention to be held in Portland, Oregon, passed through Fort Wayne at noon today. Forty of the travelers ate dinner at the Wayne and thirty-five dined at the Nickel Plate restaurant. The train left the city at 2 o'clock.

Mrs. T. H. Coleman, of John street, who has been so seriously ill, is some better. Conductor Coleman was called home from Grand Rapids on account of his wife's illness.

The local republicans have already commenced to hustle for an office which will not come into existence until President McKinley signs the bankruptcy bill. The position is that of registrar of bankruptcy for this district. The names of E. V. Harris, W. E. Clapham, John W. Hayden, Cyrus Fike and several others have been suggested and some of them have importuned their friends to assist them in securing the position.

At high noon today, at the home of the bride, on East DeWald street, occurred the marriage of Charles L. Wyland Reese, of Chicago, and Miss Lillian Pirke. The ceremony was performed by Rev. Smith, of Albany, Ind., uncle of the bride, assisted by Rev. P. J. Rice. After the ceremony a wedding dinner was served and then followed congratulations. Mr. and Mrs. Reese will leave this evening for Chicago, where they will make their future home.

A very quiet home wedding occurred at 5 o'clock yesterday afternoon when Miss Gertrude Imbach was united in marriage to Charles W. Rohns. Rev. A. W. Seabrease, pastor of Trinity Episcopal church, performed the ceremony. The bride was gowned in an artistic creation of cream silk crenadine over cream silk, with trimmings of pearl lace, and carried a large cluster of flesh colored sweet peas. Cut flowers and ferns were used in decorating the rooms. An elaborate dinner was served. Mr. and Mrs. Rohns left at once on an extended tour of the east.

Last night at 11 o'clock, at her home ten miles from Fort Wayne on the Piqua road, occurred the death of Mrs. M. Ramer, aged forty-four years. Deceased was stricken with paralysis a year ago, since which time she had been an invalid. She leaves besides her husband four children to mourn her death. Mrs. Ramer was the daughter of the late Henry Muldoon, and was born in Allen county. Above her life was spent. She was a sister of William and A. J. Muldoon, the South Calhoun street grocers. The funeral will be held Saturday morning at 9 o'clock from the residence and at 10 o'clock in the church at Huntertown.

Baseball Yesterday in Various Leagues Except the Three-I—Toledo Loses Two Games.

Mansfield won the third game of the series on the first inning, when Kate sent the sphere over the fence for a home run with two men on bases. Later in the game the Fort Waynes scored three runs in one inning, but the Ricksyers were not to lose and easily landed the winning tally. Brashe was effective in every inning except the first, the Ricksters outbatting their opponents. The two nines are playing at Lakeside park today. Score:

NOTES.

Tomorrow is ladies' day at Lakeside park.

Herr will probably patch today and Noreom tomorrow.

John Powell pitched another of his great games yesterday and shut out the league champions.

Grand Rapids did every club in the Inter-State a favor yesterday by taking two falls out of the Muldoons.

The Keystones and Blues will play at Robison park July 3. The Shamrock Standard game will be postponed.

Dayton and Columbus have the only teams left in the Western association and they are now playing for the championship of the defunct league.

At a meeting of the Shamrocks last evening "Cap" Collars was elected captain of the team. The Shamrocks will play in Rochester next Sunday and Monday.

More than 5,000 people turned out to see "Old Anse" lead the New York—daughter yesterday. The "old man" still holds a place in the hearts of all lovers of the game.

Business men in Springfield have inaugurated a new scheme to make base ball pay in that city. Twenty prominent citizens are going to sell fifty tickets each day of the three days that the Daytons will be there next week.

Byron Williams is an Authority on the Navy.

Has Spent Years in the Study of the Subject—He Was Deputized to Buy Some Vessels.

Tomorrow night, at the Masonic Temple, Prof. Byron Williams will deliver his celebrated lecture on "Our New Navy," under the auspices of the G. A. R. Posts of the city.

Mr. Williams has spent eleven years in the study of the American navy and its development. He has watched its growth from the beginning it had under the fostering care of William C. Whitney, President Cleveland's brilliant young minister of marine in his first administration, and under Gen B. F. Tracy, Harrison's naval secretary and under Secretary Herbert. He has enjoyed every facility and every government patronage in the collection of material for his lecture. In the west people know little of the navy and to such Mr. Williams' lecture will be a liberal education along that line.

This lecture has been delivered in twenty-five states and before some of the best courses in the country. Everywhere it has been received with the highest approval.

The G. A. R. authorizes the announcement that all money received at the lecture above the actual expenses entailed will be generously devoted to the soldier boys now in the south and in Cuba.

Prof. Williams has a son in the United States navy, Lieutenant Dion Williams, now on board the Baltimore, with which ship he took part in Dewey's great victory at Manila.

Lieutenant Williams is destined to become a heroic figure in the history of this war. With his own hands Lieutenant Williams raised the American flag over Cavite on May 3rd.

LESSON V. THIRD QUARTER, INTERNATIONAL SERIES. JULY 31.

Text of the Lesson, I Kings xxi. 4-16. Memory Verses, 3d Golden Text, Ps. xx. 17—Commentary by the Rev. D. M. Stearns.

4. "And Ahab came into his house heavy and displeased because of the word which Naboth the Jezreelite had spoken unto him; for he had said, I will not give thee the inheritance of my fathers." Therefore like a sulky child he went to bed, turned his face to the wall and would not eat. It puts him in mind that the prince should not take of the people's inheritance by oppression (Ezek. xlvi. 18), but Ahab seemed to know no law but his own will. He offered to buy the field from Naboth, but the inheritance of his fathers was more to Naboth than money. The Holy Spirit, by whom we are sealed, is the earnest of our inheritance (Eph. i. 13, 14). Are we desirous that He shall not be grieved by any unkindness of ours?

5, 6. "But Jezebel, his wife, came to him and said unto him, Why is thy spirit so sad that thou eatest no bread?" And he told her the cause. Contrast the address of Saul (1 Sam. ii. 2, and of Dan. v. 2, 3, with this selfishness of Ahab. He should have been, like Nehemiah and Daniel, full of desire for the welfare of the kingdom and for the glory of God, but no such thoughts filled his mind. On the contrary, he was full of desire to add a little bit of property to that which he already possessed. He had not yet learned that a man's life consisteth not in the things of the things which
